WÖLVHAMMER

UNMATCHED COLD WEATHER PERFORMANCE

SAY GOODBYE TO COLD, SAY HELLO TO COMFORT.

Our vision for the Wölvhammer transcended traditional cycling footwear and originated from the conceptual standpoint of a mountaineering boot. On the inside we mass out the **insulation package with 200g Thinsulate** on the forefoot and NASA approved aerogel in the insole to block cold drafts on the outside. 1000D CORDURA® and waterproof/breathable Sympatex block moisture and manage perspiration. For deep snow, easily add knee high gaiters using the dedicated hook on the toe box. And of course, the Vibram sole is ready for any SPD-compatible cleat of your choice. These are the finest winter cycling shoes ever made.
