v.

VMEdU, Inc.

Ellen Yowell, Paralegal Specialist:

On July 31, 2015, Respondent filed a stipulated motion to further suspend this proceeding for one additional month. Also on July 31, 2015, Respondent filed a consented motion to extend disclosure, discovery, and trial dates which was electronically granted on the same day.

Inasmuch as the motion to extend supersedes the motion to suspend, Respondent's motion to suspend is moot and will receive no further consideration.

The schedule remains as set forth in Respondent's July 31, 2015 motion for extension.
