Response to Default Status of Time to Respond to Petition To Cancel. Request to Revive & Resume

My sincere apologies for not responding in a timely manner to the petition to cancel mark 3,206,498. I fully understand and am well aware of my obligation to keep up with trial deadlines. Unlike my petitioner who has substantial time and resources to devote towards this matter, I have several outstanding responsibilities to my family and household as I am the sole income provider for my family. Outside of working multiple jobs I have not been able to study the board guidelines and procedures in my opinion to respectfully represent myself and attempts to find a pro-bono trademark attorney has been disappointing. In addition lingering physical disabilities have made it quite challenging to sit or stand for extended periods of time. I don't not attempt to make excuses for my tardiness, but these are the unornate realities of my present situation and circumstances. I was attempting to hire additional counsel but I will not have the financing necessary to retain and maintain counsel for quite some time. I have spent over 10 years trying to acquire the necessary tools to fully launch the Thoro brand. I do not wish to forfeit my rights that I have worked diligently to secure. I have taken the time to provide a response to the petition to cancel and I will file the requested responses immediately after submission of this request to resume.

Respectfully submitted
