To whom it may concern,

This letter is in regards to reference number 92063588. I would like to address a few issues I google up The so called founder of Go Daddy Bob Parsons. In which the time frame he claimed to have founded the company is the same time I was looking to protect the idea for individuals to start companies online/ websites (DOMAIN NAMES)etc. I would like an investigation within the USPTO regarding the issue to prove that he was working for The United States Patent & Trademark Office at the time. I believe your employee records will show that he was an employee at the time my idea was stolen.

Sincerely,

Kimberly Simmons
