Go Daddy

This document is also in regards to the deal negotiation per conference due by 10/9/2016. All participants may call (916) 558-7514. Participate code 840445#. 1 pm Pacific Standard Time. I also would like for an attorney with The United States Patent and Trademark Office to be available on 10/08/2016. Please note the conference will be recorded if all parties agree. The services and goods that Go Daddy is providing is a one of a kind of business opportunity and Bob Parson whom also claim to be the Founder of also ICANN has set the price of an extension at an unaffordable rate. I did not agree to communicate with Nicole Murray/Go Daddy through email now that it is convenient for her she want to allow before she filed the undeliverable address the first time in June. I asked if we can correspond through email and she did not respond then so I do not want us to correspond through email. I'm still receiving mail at 3890 Orange Street dated after 8/15/2016 so why would the post office be sending certain mail back instead of all my mail. I believe they are trying to prevent the conference from happening because I called the Corporate Office of Go Daddy for Nicole Murray and they said no one at that office by that name so I emailed Nicole Murray in order to set up conference regarding negotiation. She then filed the motion. I believe the USPTO also is holding information about Bob Parson being an employee. Dora best has not returned any of my calls. I also believe Nicole Murray is lying, about returned mail because I receive the reset court dates 600 Central Ave. #44 Riverside CA. 92501 before I changed mail to general mail delivery at the Post Office Located 3890 Orange St Riverside CA. 92501 and how is it that she's getting returned mail that she sending from Chicago to California and back to Chicago within a short period of time.

I would also like to amend the filing from Fraud regarding the USPTO to Immoral or scandalous matter regarding Go Daddy/Bob Parson because he was working for The United States Patent and Trademark Office between 1997-1998 when I was trying protect my idea that Bob Parson is using under goods and services Trademark Go Daddy 2558989

I am seeking damages for \$1 Billion Dollars each per class 042 and 009. ( I don't mind filing new proceeding for 042 as soon as possible. Bob Parson has taken away almost 20 years of my life. I have been trying to reach out to Go Daddy since 2008 to reconcile our differences in which all they have done is take more ideas. My children and I have are displaced and I am skeptical of starting my own company online knowing that the goods and services Go Daddy are providing is originally my company. I have not been successful at anything else knowing truth. Bob Parson took an opportunity; I never had a chance to start my company. I took the proper steps before filing the petition of cancelation and while filing the petition of cancellation when The Trademark Trial and Appeal Board representative should have told me to file under class number 042 which is the main class or under both classes 042 and 009. I also specifically told the representative at the USPTO Trademark Trial and Appeal Board that I am not interested in the Trademark Name Go Daddy but the goods and services under Registered Mark Go Daddy class 042 and 009 and he said it was the same.
