Go Daddy

This document is also in regards to the deal negotiation per conference due by 10/9/ 2016. All participating partners may call (916) 558-7514. Participate code 840445#. 1 pm Pacific Time. I also would like for an attorney with The United States Patent and Trademark Office to be available on 10/08/2016. Please note the conference will be recorded if all parties agree. The services and goods that Go Daddy is providing is a one of a kind of business opportunity and there will probably want be another opportunity like it. Bob Parson was an opportunist whom was working at the USPTO the day I called into the USPTO to learn how I can protect my idea. He took it and is operating under Go Daddy, ICANN and IANA with my services and goods. I noticed an unknown number calling me on numerous occasions when I would answer the phone it would be a complete silence and no one would say anything I tried contacting Nicole Murray at the Go Daddy Corporate office in which is a number that Nicole Murray was listed under through the USPTO. I was told no one by that name was at that office so I emailed Nicole Murray although she replied I google up the information I need for the company Quarles and Brady located in Chicago. Then I thought to myself is this the same number that has called me on previous occasions (when I would answer as I previously stated it would be silence) I noticed the 312 number called me again after Nicole Murray I tried to answer and once again it was silence as though she is making it appear that she is attempting to call me regarding negotiating by Oct. 09.2016. I called the number back Nicole Murray answered and was telling me she was going to file a motion that will prolong the negotiating. I think we all know that Bob Parson was an employee at the USPTO, no one wants to admit it. Dora Best also has not respond to any of my calls in regards to the investigation regarding Bob Parson. I did not agree to communicate

with Nicole Murray/Go Daddy through email now that it is convenient for her she want to allow before she filed the undeliverable address the first time in June. I asked if we can correspond through email and she did not respond then so I do not want us to correspond through email at her convenience. I'm still receiving mail at 3890 Orange Street dated after 8/15/2016 so why would the post office be sending certain mail back instead of all my mail. I believe they are trying to prevent the conference from happening I also believe the USPTO is withholding information about Bob Parson being an employee at the USPTO. This has cause I financial hardship on myself and children. I am only interested in cutting the snake or snakes head off. I also believe Nicole Murray is lying about returned mail because I receive the reset court dates 600 Central Ave. #44 Riverside CA. 92501 before I changed mail to general mail delivery at the Post Office Located 3890 Orange St Riverside CA. 92501 and how is it that she's getting returned mail that she sending from Chicago to California and back to Chicago within a short period of time.

I would also like to amend the filing from Fraud regarding the USPTO to Immoral or scandalous matter regarding Go Daddy/Bob Parson because he was working for The United States Patent and Trademark Office between 1997-1998 when I was trying protect my idea that Bob Parson is using under goods and services Trademark Go Daddy 2558989

Bob Parson took was not just anybody he was an employee at the USPTO office whom took an opportunity. He was supposed to help me instead he took advantage of the situation. I never had a chance to my company. I took the proper steps before filing the petition of cancelation and while filing the petition of cancellation when The Trademark Trial and Appeal Board representative should have told me to file under class number 042 which is the main class I wanted to file the petition of cancellation under or he could have advise me to file under both classes 042 and 009 at the same time and he also should have said it would be better to get an attorney because they are more familiar I would have made a better decisions in regards to filing the petition of cancellation. I also specifically told the representative at the USPTO Trademark Trial and Appeal Board that I'm not interested in the Trademark Name Go Daddy but the goods and services under Registered Mark Go Daddy class 042 and 009 and he said it was the same.
