STIPULATED MOTION FOR SUSPENSION FOR SETTLEMENT

Pursuant to Trademark Rule 2.117(c), Fertitta Business Management LLC ("Respondent") requests suspension of these proceedings for sixty (60) days, subject to the right of either party to request resumption of the proceedings at any time prior thereto. Respondent further requests that all dates be reset in accordance with this 60-day suspension.

Respondent and Fertitta Hospitality, LLC ("Petitioner") are continuing settlement negotiations, but a number of factors continue to hold up resolution. The latest draft agreement contemplates new terms that the parties are still negotiating. Also, the parties continue to face disruption to their respective businesses in the face of COVID-19. Additionally, the health issues encountered by one of the decision makers remain a cause for delay. Suspension is requested in order to allow the parties to maintain the status quo as the parties negotiate a final agreement.

As grounds in support of this motion and to show good cause, Respondent submits the attached report entitled *Status of Negotiations – Fertitta Hospitality, LLC v. Fertitta Business Management LLC*. (See **Exhibit A**).

Counsel for Petitioner, William D. Raman of the firm Fleckman & McGlynn, PLLC
has consented to this motion on its merits.

Exhibit A

Status of Negotiations ***Fertitta Hospitality, LLC v. Fertitta Business Management LLC***

1) When last settlement proposal was sent, by whom, and when a response is expected

The proposed settlement has undergone a handful of fundamental changes since the parties first began negotiating it, including through the latest draft sent by Petitioner's counsel on September 29, 2020. Respondent is continuing to evaluate the viability of the proposed new structure, which requires careful consideration and approval from Respondent's business team and stakeholders.

Two other matters outside the parties' control continue to impact and cause delay in the settlement negotiations: (1) their business operations have been impacted by the COVID-19 health crisis; and (2) one of the individuals whose input has been critical to the settlement negotiations was struck with a health issue that continues to impact the parties' ability to negotiate. It is unclear at this time how the COVID-19 health crisis and the individual's health issues will impact the parties' timeline for resolution and decision-making process.

As previously noted, the issues in these proceedings are complex, and the parties—both of which require multiple levels of review within their organizations in order to approve any settlement terms—are working to resolve their serious disagreements about their respective rights to register various FERTITTA-formative marks. Should the Interlocutory Attorney have questions or want additional information regarding the complexity of the issues presented here and/or the need for additional time, counsel for the parties are available to discuss the matter telephonically in greater detail.

2) Recitation of issues that have been resolved since the commencement of this proceeding

The parties' latest settlement discussions involve a proposed change to the structure of the settlement, and the parties are continuing to negotiate certain points of disagreement that have arisen during their attempt to paper the settlement.

3) List of issues that remain to be resolved

The parties are negotiating certain points of disagreement that have arisen during their attempt to paper the settlement. They anticipate their progress will continue to be interrupted in the coming months and the parties address their business concerns.

4) Timetable for resolution

The parties request a 60-day suspension of the subject proceedings given current circumstances, and anticipate needing additional time to resolve their dispute given the issues identified herein.
