**AMENDED PETITION FOR CANCELLATION**

Petitioner, Bolt Technology OÜ (hereinafter “Petitioner” or “Bolt Technology”), an Estonian private limited company with its principal place of business at Vana-Lõuna tn 39/1, EE-10134 Tallinn, Estonia, believes that it is and will be damaged by the continued existence on the Register of Registration No. 5,795,846, registered to Bolt Mobility Corporation (“Bolt Mobility” or “Registrant”), a Delaware corporation with its principal place of business at 382 NE 191st Street #24148, Miami, Florida 33179. Bolt Technology hereby petitions to cancel Registration No. 5,795,846 pursuant to 15 U.S.C. § 1064.

As grounds for this Petition it is alleged that:

1. The registration sought to be canceled, Registration No. 5,795,846 (the “Registration”), was registered on the Principal Register on July 2, 2019 to Bolt Mobility Corporation, an alleged successor-in-interest to the individual applicant Nathan Katz, for the mark BOLT (hereinafter the “Katz Mark”) covering “scooter sharing services” in International Class 39.

2. The Registration (i) is void for lack of a *bona fide* intent to use the alleged Katz Mark as of the application filing date, (ii) was improperly transferred in violation of 15 U.S.C.

§ 1060(a)(1), (iii) was abandoned based on the grant of an invalid, naked license, and (iv) was fraudulently obtained by submitting a false statement of use.

### **Factual Background**

#### **Petitioner's Business and Trademark**

3. Petitioner, itself or through its related companies, is in the business of offering, promoting, marketing, and advertising, private transportation services including but not limited to ride-hailing services, and scooter rental services.

4. Petitioner uses the mark BOLT in connection with its ride-hailing and scooter rental services which have an estimated 25 million users across 30 countries. Consumers in the United States consumers have registered for and used Petitioner's BOLT app while travelling in other countries.

5. Petitioner has been expanding the goods and services offered under its mark BOLT, including but not limited to food delivery services and business delivery services, and other related goods and services.

6. Petitioner is also expanding its goods and services into additional countries, and intends to expand its use of its mark BOLT to the United States.

7. Based on Petitioner's offering of goods and services under its mark BOLT in many other countries, Petitioner has the capacity and ability to market and offer its goods and services in the United States.

8. Petitioner has taken steps to expand its use of the mark BOLT to the United States, including but not limited to discussions with potential distributors and/or business partners in the United States.

9. Petitioner is the owner of, among others, European Union Application No. 017944575 filed on August 17, 2018 for the trademark BOLT in connection with various goods and services in International Classes 9, 35, 39 and 42.<sup>1</sup> A true and correct copy of the European Union Intellectual Property Office's record for Petitioner's European Union Application No. 017944575 is attached hereto as **Exhibit A**.<sup>2</sup>

10. Petitioner is also the owner International Registration 1467074, registered on February 15, 2019, which is based on its European Union Application No. 017944575. A true and correct copy of the World Intellectual Property Organization's record for Petitioner's International Registration 1467074 is attached hereto as **Exhibit J**.

11. Petitioner has filed a §66(a) application in the United States for the mark BOLT based on its International Registration 1467074. A true and correct copy of the filing receipt for Petitioner's §66(a) application in the United States is attached hereto as **Exhibit K**.

12. Petitioner has a reasonable belief that registration of its §66(a) application in the United States will be refused because of the Registration. Additionally, as described herein, Bolt Mobility has filed an opposition against Petitioner's European Union Application No. 017944575, which is the basis for Petitioner's International Registration 1467074 on which Petitioner's §66(a) application in the United States is based. Accordingly, Petitioner has a reasonable belief that Bolt Mobility will similarly take action against Petitioner's §66(a) application in the United States.

### **The Katz Application and Bolt Mobility Application**

13. The Registration matured from Application No. 88/010,981 (the “Application”), filed by an individual, Nathan Katz (hereinafter “Applicant” or “Katz”), on June 22, 2018. A true and correct copy of the Application is attached hereto as **Exhibit B**.

14. Applicant filed the application based on his alleged intent to use the Katz Mark in commerce under 15 U.S.C. § 1051(b), and declared in the Application that he had “a bona fide intention to use the mark in commerce on or in connection with the goods/services in the application,” namely “scooter sharing services.” (**Exhibit B, pp. 3-4.**)

15. On September 6, 2018, Bolt Mobility filed its own Trademark Application No. 88/107,159 (hereinafter “Bolt Mobility Application”) for the mark BOLT covering various goods and services in International Classes 9, 41, and 42 including but not limited to “rental of personal vehicles, including scooters” (hereinafter “Bolt Mobility Mark”). A true and correct copy of the Bolt Mobility Application is attached hereto as **Exhibit C**.

16. On information and belief, Bolt Mobility began using its Bolt Mobility Mark in the United States in connection with scooter rental services on or about September 11, 2018.

### **The Trademark Assignment Agreement Between Katz and Bolt Mobility**

17. Subsequent to Bolt Mobility filing the Bolt Mobility Application, and subsequent to Bolt Mobility beginning use of the Bolt Mobility Mark, on December 5, 2018, Bolt Mobility entered into a trademark assignment agreement with Katz (“Trademark Agreement”). Although Bolt Mobility attempted to characterize the Trademark Agreement as a license and an agreement to assign in the future, the terms of the Trademark Agreement establish that it operated as, and was a present assignment of the Katz Mark to Bolt Mobility as of the December 5, 2018 effective date.

18. The Trademark Agreement recognized that “Bolt Mobility has begun offering scooter sharing services in Miami, Florida,” and further stated that “Bolt Mobility wishes to acquire from Katz, and Katz wishes to assign to Bolt Mobility, all of Katz’ right, title and interest in the Katz Mark and the Katz Application, pursuant to the terms set forth in this *Assignment Agreement*,” (emphasis added), thereby explicitly identifying the agreement as an assignment.

19. Additionally, the terms of the Trademark Agreement demonstrate that the overall plan of the agreement was that as of the December 5, 2018 effective date, Katz relinquished and Bolt Mobility acquired immediate control and ownership over the Application and the Katz Mark. Specifically, the Trademark Agreement provided for the following:

- Bolt Mobility acquired the power “to take such actions on behalf of Katz with respect to the Katz Application with the power to file any and all documents necessary to maintain the Application and cause the Katz Application to mature to registration”;
- Bolt Mobility acquired the authority “to take all necessary steps to maintain the pendency of the Katz Application,” including the responsibility “to timely file evidence of use of the Katz Mark with scooter sharing services, in the form of a ‘Statement of Use’ (‘SOU’), with the federal Trademark Office.”;
- The Trademark Agreement “grant[ed] Bolt Mobility a Power of Attorney with respect to the Katz Application, with the power to file any and all documents necessary to maintain the Katz Application and cause the Katz Application to mature to registration”; and
- Bolt Mobility further acquired the ability and authority at its own “direction and cost” to file additional applications “to register the Katz Mark in foreign countries

or jurisdictions” and to file at least one opposition in Europe against Petitioner’s European Union Application No. 017944575. The Trademark Agreement explicitly stated that “Katz isn’t responsible for any legal or filing fees.”

20. Further, the terms of the Trademark Agreement demonstrate that any alleged license of the Katz Mark to Bolt Mobility was a sham and was invalid, including but not limited to, that:

- Bolt Mobility had already “begun offering scooter sharing services in Miami, Florida” under the Bolt Mobility Mark prior to any agreement with Katz;
- The Trademark Agreement did not provide for any quality control by Katz and merely stated that “Bolt Mobility agrees to provide scooter sharing services under the Katz Mark with the same level of quality that is reflected in Bolt Mobility’s scooter sharing services as of the Effective Date”; and
- “Immediately upon execution of the Trademark Agreement, Bolt Mobility will provide Katz with satisfactory evidence of Bolt Mobility’s use of the Katz Mark with scooter sharing services.” Given the “immediate[.]” timing it is clear that any alleged use provided was of the Bolt Mobility Mark already in use by Bolt Mobility and not of the Katz Mark.

21. Moreover, the terms of the Trademark Agreement further demonstrate that Bolt Mobility and Katz deliberately set-up the scheme of improper assignment and invalid license of the Katz Mark in order to take action against Petitioner. First, pursuant to the terms of the Trademark Agreement Bolt Mobility agreed that it “shall cause to be filed . . . in the name of Katz . . . an application, claiming priority pursuant to the Paris Convention by no later than December 22, 2018, with At[sic] the European Union Intellectual Property Office to register the

Katz Mark with scooter sharing services (the ‘EU Application’).” Second, the Trademark Agreement provided that after Bolt Mobility filed the European Union application for the Katz Mark, “Bolt Mobility shall cause to be timely filed an opposition in Katz’s name, based on the EU Application” against Petitioner’s European Union Application No. 017944575.

22. After entering into the Trademark Agreement, Bolt Mobility and Katz, each carried out the respective steps of their scheme under the Trademark Agreement which confirm the invalid assignment, invalid license, and fraudulent registration of the Katz Mark.

23. On December 10, 2018, Bolt Mobility filed, in the name of Katz, European Union Application No. 017997878 for the mark BOLT covering “scooter sharing services” in International Class 39 and claiming priority to the U.S. Application.<sup>3</sup> On April 23, 2019, an application to transfer the ownership of European Union Application No. 017997878 from Katz to Bolt Mobility was filed, and subsequently recorded on May 6, 2019.<sup>4</sup>

24. On December 11, 2018 Bolt Mobility filed, in the name of Katz, an opposition in the European Union against Petitioner’s European Union Application No. 017944575 relying on the alleged priority date of the Application in the United States. (*See Exhibit A, p. 4; Exhibit I, pp. 4, 6.*<sup>5</sup>)

25. On May 14, 2019, Katz filed a Statement of Use for the Application in which he represented and declared that the Katz Mark was “in use in commerce on or in connection with

<sup>4</sup> Attached hereto as **Exhibit E** is a true and correct copy of the application to record the transfer of ownership for European Union Application No. 017997878 from Katz to Bolt Mobility and notification from the European Intellectual Property Office of the recordal of the transfer.

all of the goods/services . . . listed in the application” and that “[t]he mark was first used by the applicant, or the applicant’s related company, licensee, or predecessor in interest at least as early as 09/11/2018, and first used in commerce at least as early as 09/11/2018, and is now in use in such commerce.” (**Exhibit F**,<sup>6</sup> **p. 3.**) Katz also represented and declared that he was “submitting one specimen for the class showing the mark as used in commerce on or in connection with any item in the class, consisting of a(n) screenshots of Applicant’s mobile app showing use of the mark.” (**Exhibit F**, **p. 3.**) However, the screenshots submitted were of Bolt Mobility’s app, and not of any app of Katz. (Compare **Exhibit F**, **pp. 5-10** with **Exhibit G**, **pp. 1, 4, and 7.**<sup>7</sup>)

26. On May 31, 2019, Bolt Mobility recorded the assignment of the Application from Katz to Bolt Mobility with the U.S. Patent & Trademark Office (“USPTO”).<sup>8</sup> The recordation attached a one page document titled “Trademark Assignment” which did not include any of the terms demonstrating that the Katz Mark had already been assigned to Bolt Mobility on December 5, 2018.

### **Grounds for Cancellation**

#### **Count One**

#### **Void Ab Initio Based on Lack of *Bona Fide* Intent to Use, 15 U.S.C. § 1051(b)**

27. Petitioner realleges and incorporates paragraphs 1 - 26 as though fully set forth herein.

28. Applicant did not have a *bona fide* intent to use the alleged Katz Mark in commerce for the services identified in the Application, namely, scooter sharing services in International Class 39, when Applicant filed the Application for the Katz Mark on June 22, 2018

---

<sup>6</sup> **Exhibit F** contains a true and correct copy of the Statement of Use filed for the Application.

<sup>7</sup> **Exhibit G** contains true and correct screenshots from Bolt Mobility’s website and the Google Play store showing screenshots of Bolt Mobility’s app.

<sup>8</sup> A true and correct copy of the assignment coversheet and recorded trademark assignment is attached hereto as **Exhibit H**.

under the Trademark Act Section 1(b), 15 U.S.C. §1051(b), rendering the application void *ab initio*.

29. On information and belief, at the time Applicant filed the Application and continuing to date, Applicant did not and does not have the capability to offer scooter sharing services.

30. On information and belief, Applicant had not taken any steps to commence use of the Katz Mark in commerce, either before or after the filing date of the Application.

31. As further evidence of Applicant's lack of a bona fide intent to use, in order to obtain a registration for the Katz Mark, Katz had to file evidence of Bolt Mobility's use of the Bolt Mobility Mark as a specimen of use with his Statement of Use filed with the USPTO and fraudulently claim that such use was "screenshots of Applicant's mobile app showing use of the mark." (See **Exhibit F, pp. 2-3, 5-10; Exhibit G, pp. 1, 4, and 7.**)

32. Katz did not have a bona fide intent to use the Katz Mark as of the filing date for the Application, his filing of the Application was merely an improper attempt to reserve rights in an idea for a trademark, and Katz himself has never actually used the Katz Mark in commerce.

33. Accordingly the Application that matured into Registration No. 5,795,846 for the Katz Mark is void *ab initio* for lack of a bona fide intent to use as of the Application filing date and the resulting Registration No. 5,795,846 is subject to cancellation.

**Count Two**  
**Improper Assignment Of Intent-To-Use Application In Violation of 15 U.S.C. § 1060(a)(1)**

34. Petitioner realleges and incorporates paragraphs 1 - 33 as though fully set forth herein.

35. Katz filed the Application for the Katz Mark as an intent-to-use application on June 22, 2018. (See **Exhibit B.**)

36. As described above in paragraphs 17-19 Katz assigned the Application for the Katz Mark to Bolt Mobility, effective as of December 5, 2018, through the Trademark Agreement.

37. Katz assigned the Application prior to the filing of a statement of use which did not occur until May 14, 2019. (*See Exhibit F, p. 2.*)

38. The Trademark Agreement transferred only “Katz’ right, title and interest in the Katz Mark and the Katz Application, pursuant to the terms set forth in this Assignment Agreement,” and did not transfer any part of Katz’s business to which the Katz Mark or the Application pertain.

39. Accordingly, Bolt Mobility was not a successor to the business of Applicant as required by Section 10 of the Trademark Act, 15 U.S.C. § 1060(a)(1). Moreover, as of December 5, 2018 Katz did not have any ongoing and existing business for scooter sharing services, and had not made any use of the Katz Mark, and accordingly could not transfer the same.

40. The assignment of the intent-to-use to use Application for the Katz Mark from Katz to Bolt Mobility was a prohibited trafficking in the Katz Mark, specifically the sale by Katz and purchase by Bolt Mobility of the idea for the Katz Mark which, as of the December 5, 2018 transfer date and continuing to today, has not been used by Katz and thus has no legal basis as a trademark.

41. Accordingly, as a result of the improper assignment in violation of Section 10 of the Trademark Act, 15 U.S.C. § 1060(a)(1), the Application is void, and the resulting Registration No. 5,795,846 is subject to cancellation.

### **Count Three Abandonment**

42. Petitioner realleges and incorporates paragraphs 1 - 41 as though fully set forth herein.

43. To the extent Applicant had any alleged rights in the Katz Mark, such rights were abandoned pursuant to 15 U.S.C. §1127 by virtue of Applicant's grant of an invalid, naked license as described above in paragraphs 17-20.

44. A licensor may license his mark if the licensing agreement provides for adequate control by the licensor over the quality of goods or services produced under the mark by a licensee.

45. Here, Katz had no interest in the quality of scooter sharing services offered by Bolt Mobility which Bolt Mobility had already been offering under the Bolt Mobility Mark prior to the Trademark Agreement.

46. Additionally, the alleged license in the Trademark Agreement did not provide for any quality control by Katz. Specifically the Trademark Agreement merely provided that "Bolt Mobility agrees to provide scooter sharing services under the Katz Mark with the same level of quality that is reflected in the Bolt Mobility's scooter sharing services as of the Effective Date."

47. On information and belief, Katz did not take any steps to control the quality of the scooter sharing services offered by Bolt Mobility.

48. This uncontrolled licensing by Katz of the Katz Mark to Bolt Mobility, resulted in Katz abandoning any rights he may have had in the Katz Mark.

49. On the basis of Applicant's abandonment of the Katz Mark by virtue of a grant of a naked license, the registration embodied by said mark, Registration No. 5,795,846, is subject to cancellation under Section 14 of the United States Trademark Act of 1946, 15 U.S.C. §1064.

**Count Four**  
**Fraud**

50. Petitioner realleges and incorporates paragraphs 1 - 49 as though fully set forth herein.

51. Applicant further fraudulently procured the Registration for the Katz Mark by submitting a false statement of use.

52. The representations to the USPTO made by Applicant regarding his use in commerce of the Katz Mark, as well as the submitted specimen, as described above in paragraph 25, were false at the time Applicant made them to the Trademark Office.

53. Based on the specimens of use submitted by Applicant to the USPTO, consisting solely of use not by Katz, but by Bolt Mobility of the Bolt Mobility Mark in screenshots of Bolt Mobility's app, Applicant was not using the Katz Mark in commerce with scooter sharing services as of the date of the filing of the Statement of Use, or as of the claimed 9/11/2018 date of first use and date of first use in commerce. Nor has Applicant ever used the Katz Mark in U.S. commerce in connection with the scooter sharing services identified in the Application.

54. Additionally, Bolt Mobility was not a related company, valid licensee, or predecessor in interest of Applicant. Accordingly, the specimen of use submitted by Applicant did not show use in commerce by Applicant or a related company, licensee or predecessor in interest of Applicant.

55. Applicant knew that his representations were false at the time he made them.

56. Applicant made each such representation willfully, knew that they were false, and made them with the intent that the USPTO would rely on them in processing the Application.

57. Applicant's representations were material to the issuance of the Registration based on the Application.

58. The USPTO relied on the representations made by Applicant in issuing the Registration.

59. The USPTO would not have issued Registration No. 5,795,846 but for the false statements of Applicant.

60. As a result of and through Applicant's representations, Applicant committed fraud in connection with the filing of the Statement of Use for the Application.

61. Accordingly Registration No. 5,795,846 for the Katz Mark is subject to cancellation under Section 14 of the United States Trademark Act of 1946, 15 U.S.C. §1064.

**Prayer for Relief**

62. Petitioner has been and will continue to be damaged by the void, improperly assigned, abandoned, and fraudulently obtained Registration No. 5,795,846 for the Katz Mark.

WHEREFORE, Petitioner respectfully prays that Registration No. 5,795,846, be cancelled.

Respectfully submitted,

Bolt Technology OÜ
