On June 17, 2003, The Government of the Northwest Territories, Canada, through counsel has filed a copy of a request for a 60-day extension of time to oppose bearing a certificate of express mailing dated March 20, 2003; attesting to the timely mailing of said document. Potential opposer submitted an additional request for extension of 60-days, filed on May 13, 2003, that was denied as untimely.

It would appear that through some undisclosed inadvertence, the original request was never received in this Office. However, since potential opposer has shown that the initial request was filed March 20, 2003, it is considered timely and has now been approved until May 19, 2003, the request for an additional 60-day extension of time, filed on May 13, 2003, is also granted and potential opposer is allowed until **July 18, 2003** in which to file an opposition to the registration sought by applicant.
