AGREED REQUEST FOR EXTENSION OF OPPOSITION PERIOD

TRADEMARK TRIAL AND
APPEAL BOARD
02 OCT -3 AM 9:03

NOW COMES Potential Opposer, GOULDS PUMPS, INCORPORATED, by
its attorneys, and hereby requests a further two (2) calendar
month extension from the present close of the opposition period,
to and including November 25, 2002 (November 23, 2002, being a
Saturday), within which to consider the filing of an Opposition
or further seek to amicably resolve the matter through settlement
pertaining to the above identified application for trademark
registration.

The additional time is requested so that the parties may
continue to explore possibilities of settlement to avoid the need
for an opposition proceeding. The parties through counsel have
already been in contact regarding the considering of the possible
settlement of this matter. Counsel for the Applicant has already
voluntarily provided materials and information for the
consideration of possible settlement and for reviewing possible
settlement parameters to alleviate the need for the possible
opposition. Materials and information are currently under review
by potential Opposer's counsel and his client for considering

K

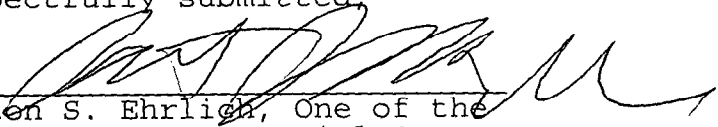

possible settlement. The attorneys for the parties have also discussed basic parameters for possible settlement and counsel for the parties remain optimistic that this matter could be resolved through settlement. The attorneys representing the parties have also discussed a possible meeting on the potential settlement which the parties are considering for the resolution of this application and on a series of related applications. Presently, the attorneys with their respective clients are considering possible settlement parameters with their respective clients. Additionally, this matter is somewhat complicated since it involves the resolution of the potential opposition regarding a series of related applications, especially since the parties are seeking a global resolution of this and related matters. A meeting among counsel and other settlement communications needed to be somewhat delayed due to a serious medical condition of an attorney, but fortunately the recovery from that condition now permits the parties to progress on settlement. Additional time is needed to allow time for the potential planned meeting among counsel to review possible information, consider facts and review a possible resolution of this matter by counsel and their respective clients.

Applicant's counsel has provided prior telephone approval for this extension.

This extension is not for the purpose of delay.

This extension is being submitted in triplicate.

Respectfully submitted,

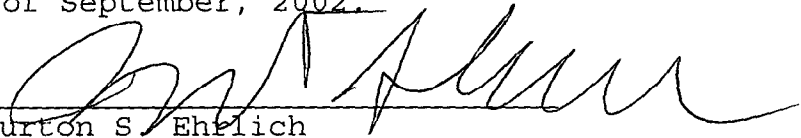

Burton S. Ehrlich, One of the
Attorneys for Potential Opposer
