AGREED REQUEST FOR EXTENSION OF OPPOSITIO.

NOW COMES Potential Opposer, GOULDS PUMPS, INCORPORATED, by its attorneys, and hereby requests a further two (2) calendar month extension from the present close of the opposition period, to and including January 27, 2003 (January 25, 2003, being a Saturday), within which to consider the filing of an Opposition or further seek to amicably resolve the matter through settlement pertaining to the above identified application for trademark registration.

The additional time is requested so that the parties may continue to explore possibilities of settlement to avoid the need for an opposition proceeding. The parties through counsel have already been in contact regarding the considering of the possible settlement of this matter. Counsel for the Applicant has already voluntarily provided materials and information for the consideration of possible settlement and for reviewing possible settlement parameters to alleviate the need for the possible opposition. Materials and information are currently under review

by potential Opposer's counsel and his client for considering possible settlement. The attorneys for the parties have also discussed basic parameters for possible settlement and counsel for the parties remain optimistic that this matter could be resolved through settlement. The attorneys representing the parties have also discussed a possible meeting on the potential settlement which the parties are considering for the resolution of this application and on a series of related applications. Presently, the attorneys with their respective clients are considering possible settlement parameters with their respective clients. Additionally, this matter is somewhat complicated since it involves the resolution of the potential opposition regarding a series of related applications, especially since the parties are seeking a global resolution of this and related matters. A meeting among counsel and other settlement communications needed were previously delayed due to a very serious medical condition of counsel for the Applicant which may involve some recovery time or assistance from additional counsel. The Potential Opposer also wishes to apprise the Trademark Office of the specific progress on settlement since the prior extension, since the Board has requested that it be advised of such progress for considering future extensions. The Potential Opposer wishes to advise that since the last extension, counsel for the Opposer reviewed with his client materials and information provided from Applicant's counsel. Thereafter, counsel for the Potential Opposer received

instructions from his client on specific proposed parameters for settlement. Counsel for the Opposer was then in contact with counsel for the Applicant about considering these proposed parameters for settlement. Additional time is needed to allow time for the consideration of the proposed settlement and to review possible information, consider facts and review a possible resolution of this matter by counsel and their respective clients.

Applicant's counsel has provided prior telephone approval for this extension.

This extension is not for the purpose of delay.

This extension is being submitted in triplicate.

Respectfully submitted,

Burton S. Ehrlich, One of the
