MOTION FOR FOUR DAY EXTENSION OF TIME

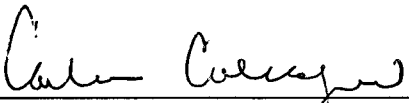

Applicant respectfully requests that the Board allow Applicant a further four day extension of time to file its Reply Brief. At approximately 10:30 a.m. on December 15, 2003, the date Applicant's Reply Brief was due, Applicant's counsel's main computer server failed unexpectedly. Unfortunately, computer failure corrupted the brief, replacing major portions of the brief with unrecognizable characters. While working on the issue, the Information Technology Department of our office is uncertain when these portions of the brief will be recovered. Consequently, the brief may need to be recreated.

Applicant believes this constitutes good cause for the further four day extension. The extension of time sought is not significant and should not prejudice the Office in any way. Further, the delay is not the result of any willful act on the part of Applicant's counsel; rather, it is caused by computer failure over which Applicant's counsel has no control.

If granted, this extension would permit Applicant until December 19, 2003 to file its
Reply Brief.

Respectfully submitted,

Riskwise LLC
