**REQUEST FOR REMOVAL OF SUSPENSION AND
CONSIDERATION OF NEW EVIDENCE**

Sir or Madame:

The refusal of registration for application Serial No. 76/117,602 is based solely on the Examining Attorney's opinion that there is a likelihood of confusion with prior Reg. No. 1,374,584 for the mark SOFTWORKS. Applicant filed Trademark Cancellation No. 92040962, petitioning to cancel Reg. No. 1,374,584 and/or amend the identification of goods for the same. The subject application has been suspended pending the disposition of Trademark Cancellation No. 92040962.

Subsequently, the owner of Reg. No. 1,374,584 has filed an amendment to the identification of goods, enclosed herein as Exhibit A. The filing shown in Exhibit A requests that the identification of goods for Reg. No. 1,374,584 be amended to read as follows:

PRE-RECORDED COMPUTER PROGRAMS FOR USE IN DATA, STORAGE AND SYSTEMS MANAGEMENT.

Also enclosed as Exhibit B, is a copy of a consent agreement signed by the parties, acknowledging that the respective goods are distinct and thus the subject marks are not likely to cause consumer confusion.

In light of the above, it is requested that the appeal for the subject application be removed from suspension and that the following arguments be considered in support of registration.

I. THE GOODS FOR THE RESPECTIVE MARKS, AS AMENDED, ARE DISTINCT AND NOT LIKELY TO CAUSE CONSUMER CONFUSION.

The sole issue on appeal is the Examining Attorney's refusal of the subject application under Trademark Act § 2(d), because in the Examining Attorney's opinion, there is a likelihood of confusion with Reg. No. 1,374,584. As originally registered, the identification of goods for Reg. No. 1,374,584 reads: "pre-recorded computer software." However, as noted above, the identification of goods for Reg. No. 1,374,584 has been amended.

The respective parties' goods are computer software. However, to say that they are related as a consequence is to say that every letter is related because it came in an envelope or that every web site is related because it is accessible via the Internet. As a rule, when software performs distinct functions, different parties can use confusingly similar marks at the same time without confusion as to either source of origin or sponsorship. For example, although ORION is inherently distinctive, a number of marks comprised in either whole or significant part of the term have been registered by the United States Patent and Trademark Office at the same time for computer software. Information about these marks is submitted herewith as Exhibit C. Clearly, were it not for the fact that the software set forth in these references perform distinct functions, these marks could not coexist without confusion as to either source of origin or sponsorship.

Here the Applicant's goods are "computer software for microscopy, imaging and informatics, sold exclusively through direct sales." In contrast, the cited Registrants' goods have

been amended to read, "pre-recorded computer programs for data storage and systems management." As shown in the record established for the subject application, the respective parties' goods perform distinct functions, are sold to sophisticated purchasers and move in different channels of trade. Thus, the marks are able to co-exist without a likelihood of confusion.

II. THE PARTIES HAVE AGREED THAT THERE IS NO LIKELIHOOD OF CONFUSION BETWEEN THE RESPECTIVE MARKS.

As a result of their mutual interest in precluding confusion, Applicant and the owner of the aforementioned reference have entered into a Consent Agreement. A copy is submitted herewith as Exhibit B.

Applicant and the owner of the aforementioned reference are entities with significant experience in the market place and, based on this experience, agree that the parties can contemporaneously use their respective marks without confusion. In addition, the parties have agreed to take the necessary precautions to prevent confusion and to take the necessary steps to mitigate or correct any actual confusion in the unlikely event that it does occur.

Applicant notes that the Consent Agreement should be accorded "substantial weight" and the Board is all but compelled to withdraw the refusal under Section 2(d) of the Trademark Act. See *In re Four Seasons Hotels Ltd.*, 26 USPQ2d 1071 (CAFC 1993); *Amalgamated Bank of New York v. Amalgamated Trust & Sav. Bank*, 6 USPQ2d 1305 (Fed. Cir. 1988); *Bongrain Int'l (Am.) Corp. v. Delice De France, Inc.*, 1 USPQ2d 1775 (Fed. Cir. 1987); *In re N.A.D. Inc.*, 224 USPQ 969 (Fed. Cir. 1985); *In re E. I. DuPont de Nemours & Co.*, 177 USPQ 563 (CCPA 1973); TMEP Section 1207.01(c)(vii).

CONCLUSION

In light of the above and inasmuch as the Examining Attorney found no similar registered or pending mark which would bar registration of the mark under this application and there are no other outstanding issues, it is submitted that the application is in condition for publication.

Serial No. 76/117,602

Applicant respectfully requests that the mark be passed to publication. If the Board requires any additional information, please do not hesitate to call or write the undersigned.

Respectfully submitted,

CONSENT TO USE AND REGISTRATION

CONSENT AGREEMENT ("Consent") is made as of 12-20-2002 by and among Softworks, Inc. with an address at 5845 Richmond Highway, Suite 400, Alexandria, Virginia 22303 (the "Registrant"), Registrant's parent company, EMC Corporation with an address at 176 South Street, Hopkinton, Massachusetts 01748, and Applied Precision, LLC with an address at 1040 12th Avenue N.W., Issaquah, Washington 98027 (the "Applicant") (individually or collectively, the "Party" or "Parties").

WHEREAS, Registrant is the owner of U.S. Reg. No. 1,374,584 a record of which is attached as Exhibit A; and,

WHEREAS, Applicant is the owner of U.S. Ser. No. 76/117,602 a record of which is attached as Exhibit B.

NOW, THEREFORE, for good and valuable consideration, the receipt of which Registrant expressly acknowledges, Registrant hereby consents to the use and registration of Applicant's mark on the terms and conditions set forth hereafter:

(1) Registrant has submitted an amendment to its identification of goods for U.S. Reg. No. 1,374,584 as follows: "pre-recorded computer programs for use in data, storage, and systems management." A copy of said amendment, as filed, is attached as Exhibit C.

(2) Registrant and Applicant agree that the respective Parties' marks, as well as the goods in connection with which they are either used or intended to be used, are sufficiently different to avoid confusion as to either source of origin or sponsorship. Specifically, the respective goods:

- (a) are not competitive;
- (b) are used for different and distinct purposes;
- (c) are marketed differently; and,
- (d) are marketed to different consumers.

(3) Applicant hereby recognizes and acknowledges Registrant's right, title and interest in and to Registrant's mark, as amended, as well as any application or registration therefor, and will not in any way, directly or indirectly, do or cause to be done any act or thing contesting or in any way impairing or tending to impair any part of said right, title and interest.

(4) Registrant hereby recognizes and acknowledges Applicant's right, title and interest in and to Applicant's mark as shown is Exhibit B, as well as any application or registration therefor, and will not in any way, directly or indirectly, do or cause to be done any

act or thing contesting or in any way impairing or tending to impair any part of said right, title and interest.

(5) Registrant and Applicant acknowledge that, to date, no instance of actual confusion has been brought to the attention of either Party. Nevertheless, the Parties agree to employ their best efforts to use their respective marks in a manner that does not cause actual confusion as to either source of origin or sponsorship. If, despite the Parties' best efforts, such actual confusion shall be brought to the attention of either Registrant and Applicant, the Party receiving such notice shall take significant steps to independently mitigate or correct such actual confusion, including, by way of example, corresponding with the confused consumer to explain the independence of the Parties and their respective marks and goods or providing samples of their respective uses.

(6) This Consent will benefit and bind the Parties and their respective subsidiaries, parents, partners, successors, assigns, licensees, franchisees and affiliates; and specifically Registrant's parent company, EMC Corporation.

(7) Nothing in this Consent shall be construed as creating any agency, partnership or other form of joint enterprise between the Parties.

(8) It is the belief of the Parties that this Consent does not contain any provision contrary to law. However, if any part, term or provision of this agreement is declared or determined by any court to be illegal or invalid, such illegal or invalid part, term or provision shall be deemed not to be part of this agreement, and the validity of the remaining parts, terms or provisions shall not be affected or impaired thereby and shall remain in full force and effect.

(9) The Parties agree to take such further action and execute such further agreements which may be necessary to carry out the spirit of this agreement.

(10) The Parties acknowledge that this Consent has been negotiated at arm's length, with the participation of counsel for the Parties. No provision of this agreement shall be construed against any Party based on the identity of the drafter.

(11) Each of the Parties acknowledges that it is not relying on any representations of any other party in executing this agreement.

(12) Each of the Parties agree that this Consent may be signed in two or more counterparts, each of which shall be an original and which together shall constitute one and the same instrument.

(13) Each of the Parties represents and warrants to the other that it has the full right, power and authority to execute and perform this agreement.

IN WITNESS THEREOF, the Parties hereto have executed this Consent as of the date first written above.
