Dear Sir/Madam:

The above-referenced application was published for opposition on April 16, 2002 covering "antennas for use in the wireless communications industry" in

International Class 9. Potential Opposer Bose Corporation has filed requests to

08/28/2002 JHARLEY 00000038 231925 76276198

extend the opposition period, most recently with the consent of Applicant, up to and including September 14, 2002.

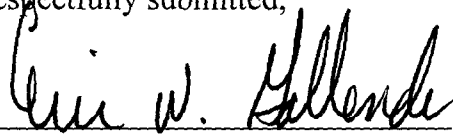

Pursuant to TMEP § 1505.01(a), Applicant hereby amends the identification to read as follows:

“antennas for use in the wireless communications industry sold to original equipment manufacturers, original design manufacturers and wireless service providers” in International Class 9.

Applicant respectfully requests that the Board forward the file to the Photocomposition Coordinators in the Publication and Issue Section of the Office to process the Amendment. Because the amendment restricts the identification of goods, as published, republication is not required.

Applicant's attorneys are available to discuss this matter by telephone to expedite matters.

Respectfully submitted,
