**STIPULATED AGREEMENT FOR AN EXTENSION  
OF TIME TO FILE NOTICE OF OPPOSITION**

Sir:

More than 120 days have expired since the above referenced application was published and pursuant to TBMP §207.03, and the parties previously entered into stipulated agreements extending the time to file a Notice of Opposition to the above application for sixty (60) days, up to and including April 27, 2004. The parties have entered into a stipulated agreement that the time to file a Notice of Opposition to the above application be extended sixty (60) days, up to and including **June 26, 2004**. Carol Peters at the office of A. Jason Mirabito of Mintz Levin Cohn Ferris Glovsky, counsel for the Applicant, confirmed their agreement in a telephone conversation of April 27, 2004 so that the parties would have sufficient time to continue their discussion of settlement, which might obviate the need to proceed with an opposition.

As required in the Board's order of November 13, 2003, the parties state that they exchanged information during the first three months and began to discuss settlement possibilities. In September, Opposer's in-house counsel changed, which required familiarizing

the new attorney with the facts. On October 2, 2003, Opposer proposed in writing a settlement agreement. Applicant responded in a telephone conference call on October 29, 2003, where the parties agreed on one point and disagreed on the second prong of the settlement proposal. Applicant offered a counterproposal on December 11, 2003, which Opposer is considering.

A copy of this stipulation is also being served on Applicant's authorized representative, A. Jason Mirabito and Carol Peters.

Respectfully submitted,

BAKER & McKENZIE
