TO WHOM IT MAY CONCERN:

This mark was published for opposition in the Official Gazette of the United States Patent and Trademark Office on June 17, 2003 as Serial No. 76/451,172 for providing downloadable ring tones via a global computer network and wireless devices (Class 9). The opposition period expires on July 17, 2003, and potential opposer requests that a sixty (60) day extension be granted, extending the deadline up to and including
