TRADEMARK TRIAL AND APPEAL BOARD RULE CHANGES

The USPTO has issued new rules pertaining to TTAB proceedings. Parties are urged to familiarize themselves with the new rules.

Among other changes, for any notice of opposition filed on or after November 1, 2007, the new rules require an opposer to provide proof of service of the notice of opposition upon the applicant at the time the notice of opposition is filed. Trademark Rule 2.101. (Parallel amendments to Trademark Rule 2.111 require a petitioner to include proof of service of the petition for cancellation.) Service may

be made by any of the means set out in Trademark Rule 2.119(b). A certificate of service is adequate proof of service; service by a process server is not necessary. A notice of opposition (or petition for cancellation) filed without a certificate of service will not be instituted.

The notice of final rulemaking and a chart summarizing the changes contained in the notice are available for viewing on the TTAB web page:
