**Millicent Canady, Paralegal Specialist:**

Applicant's request for remand, filed November 15, 2010, is granted. Proceedings in the appeal are suspended, and the application is remanded to the examining attorney for consideration of applicant's November 15, 2010 submission.

In the event registrability is found on the basis of this submission, the appeal will be moot. If the refusal of registration is maintained, the examining attorney should issue an Office action to that effect, which may include additional evidence, and return the file to the Board. The "six-months-response" clause should be omitted from that action. The Board will then resume proceedings in the appeal, and allow applicant time in which to file its appeal brief.
