On October 23, 2008, applicant's attorneys filed with the Trademark Examining Attorney a request to withdraw as applicant's counsel of record in this case. The request was granted the same date by the Trademark Examining Attorney even though the Board had jurisdiction over the application because of a pending ex parte appeal. The Board's records have been updated to show that the law firm of SAND & SEBOLT no longer represents applicant in this appeal.

The request to withdraw references the possibility of applicant appointing new counsel. Although this appeal was fully briefed prior to the withdrawal of applicant's counsel and is now ready for a decision on the merits, applicant should indicate in writing whether the Board should forward its decision directly to applicant or to new counsel. If new

counsel will be appointed, then a power of attorney may be filed with the Board. Whether applicant files a paper confirming that communications from the Board should be forwarded directly to applicant or files an appointment of a new attorney, applicant may respond to this order via the Board's online filing system, known as ESTTA. The ESTTA system may be accessed at the following web address:
