**EXAMINING ATTORNEY'S MOTION TO
CONSOLIDATE AND SUSPEND**

The above-referenced applications were filed by the same applicant and are subject of *ex parte* appeals before the Board. The appeals in all three applications involve essentially common issues of law and fact. Accordingly, the examining attorney requests that the Board order the consolidation of the cases. *See* TBMP §1214.

Applicant briefed the issues involved in the appeal for Application Serial No. 77732604, and jurisdiction has been restored to the examining attorney. However, applicant has not briefed Application Serial Nos. 77707467 and 77707978. The examining attorney requests that the appeal for Application Serial No. 77732604 be suspended pending the filing of the briefs for Application Serial Nos. 77707467 and 77707978. *See* TBMP §1213.
