In a letter dated May 20, 2003, the Board denied potential opposer's request for extension of time to oppose filed May 12, 2003 because the request was not timely filed.

On May 28, 2003, potential opposer filed a copy of a request for an extension of time; and a copy of the express mail receipt dated March 14, 2003. The request filed March 14, 2003 (with a certificate of mailing dated March 14, 2003) was timely filed and potential opposer would have been allowed until May 18, 2003 to file an opposition.

Accordingly, the Board's action denying the request for an extension filed May 12, 2003 is vacated, said request is granted and potential opposer is now allowed until **July 19, 2003** in which to file an opposition to the registration sought by applicant.
