Applicant's July 8, 2005 request for remand for additional evidence is granted.

Accordingly, action on the appeal is suspended and the file is herewith remanded to the Examining Attorney for consideration of the consent agreement submitted with applicant's request. If this new evidence does not persuade the Examining Attorney to withdraw the refusal to register, a brief Office action should be issued explaining why not (the language allowing applicant six months to respond should be eliminated), and then the file should be returned to the Board for resumption of action on the appeal. At

such time, applicant will be allowed time in which to file  
its brief.
