Applicant is requesting reconsideration of a final refusal dated September 5, 2005.

The applicant's request for reconsideration does not raise any new issues but is a good faith, although incomplete, attempt to comply with all outstanding requirements or refusals. TMEP §715.03(a). Accordingly, applicant's request for reconsideration is *granted*. The requirement that the applicant amend the identification of goods is hereby withdrawn. However, the finality of the refusal of registration under Section 2(e)(1) is hereby maintained. Accordingly, the case is returned to the Trademark Trial and Appeal Board for resumption of the appeal filed by applicant.
