Applicant has filed, on October 24, 2006, a notice of appeal and a request for reconsideration.

It is noted that while registration is sought in International Classes 35 and 45, only a single fee of \$100.00 covering an appeal in one of these classes has been filed. Under these circumstances, applicant is requested to advise whether it is appealing the refusal of registration in all classes, and if so, to file an additional \$100.00, or to specify the class in which it is appealing, failing which the appeal will go forward in the lowest numbered class. Applicant is allowed until *thirty days* from the mailing date of this action for this purpose. See: Trademark Rule 2.85(e).

Proceedings herein are hereby suspended pending applicant's response. At such time as applicant submits the additional fee or indicates which class it is appealing, or in the absence of a response thereto, the appeal will go forward in the lowest numbered class and the file of this case will be remanded to the Trademark Examining Attorney for consideration of applicant's amendment.
