**MOTION REQUESTING SUSPENSION OF APPEAL  
AND REMAND OF APPLICATION**

Pursuant to 37 C.F.R. Section 2.142(d), Applicant SRI Sports (“SRI Sports”) respectfully moves the Trademark Trial and Appeal Board for a suspension of its appeal and remand of the application to the Examiner for consideration of new evidence. As demonstrated below, there is good cause for the Board to grant this motion.

Applicant filed an application on November 12, 2004 to register AD HYBRID (“HYBRID” disclaimed) for “golf clubs” in the following form:

***AD  
Hybrid***

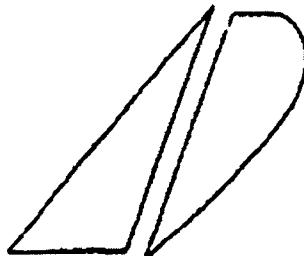

01-22-2007

U.S. Patent & TMOfc/TM Mail Rept Dt. #:

In an Office Action dated June 21, 2005, the Examining Attorney advised that she would not be citing any references under Section 2(d) of the Act. The application was approved for publication on November 2, 2005. The Law Office Publication Review was completed on December 7, 2005. However, on December 20, 2005, the application was withdrawn from publication as the Office accepted on December 22, 2005 a Letter of Protest from the owner of Registration Nos. 2369052 and 2635568.

On January 13, 2006, the Examining Attorney issued an office in which registration of SRI Sports' AD HYBRID was refused because of the registrations below:

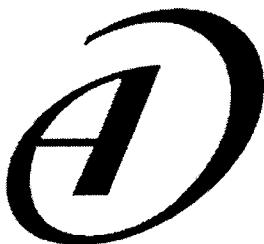

- A. Registration No. 2369052 for "golf club shafts" owned by Graphite Design International, Inc., which appears as:

- B. Registration No. 2635568 for ACCURACY & DISTANCE (and design) for "golf club shafts" owned by Graphite Design International, Inc., which appears as:

- C. Registration No. 2708360 for A.D. 2000 for "golf club" which is owned by Leonard J. Borggrebe.
- D. Registration No. 2382311 for a stylization of the letters "AD" for goods including "golf clubs" and "golf balls" which is owned by Allied Domecq PLC which appears as:.

- E. Registration No. 2262244 for the word mark ADW 2000 for "golf clubs and golf club components, namely, golf club heads, golf club shafts and golf club grips" which is owned by S.E.G., Inc.

In a response to the Office Action filed on March 16, 2006, SRI Sports argued against these citations. The Examining Attorney issued a Final Action on April 16, 2006. In that Action she withdrew her refusals to register based upon Registration Nos. 2382311 and 2262244.

On October 19, 2006 SRI Sports filed a Request for Reconsideration together with a Notice of Appeal, arguing against the remaining citations. Included with the Request for Reconsideration were declarations from Fumitoshi Hanafusa of SRI Sports and Richard Stamper of SRI Sports' exclusive U.S. Distributor. The Hanafusa declaration discussed SRI Sports' business, its sales of a line of AD golf clubs including those under the mark since August, 2004 (a total of 67,309 units

exceeding \$5 million in sales volume), how the AD HYBRID golf clubs are advertised on the Internet and how other retailers have advertised the golf clubs. Suggested pricing figures were also included.

The Hanafusa declaration also speaks to how Mr. Hanafusa is the person at SRI Sports who would receive information about instances of actual confusion and that SRI Sports has experienced no instances of actual confusion of any kind with the cited registrations. That is, Applicant has not experienced any misdirected product inquiries, product returns, product complaints, etc. of any kind concerning SRI Sports' line of AD golf clubs, including the AD HYBRID clubs.

Mr. Stemper in his declaration expressed his agreement with Mr. Hanafusa about sales, advertising and pricing, and how he would be advised in the U.S. of any instances of actual confusion. Like Mr. Hanafusa, Mr. Stemper is aware of none concerning SRI Sports' line of AD golf clubs including the AD HYBRID clubs.

SRI Sports also submitted additional legal arguments against the remaining three cited registrations.

On November 16, 2006, the Examining Attorney responded to the Request for Reconsideration. She withdrew her citation of Registration No. 2708360 but maintained her refusal to register based upon Registration Nos. 2369052 and 2635568 because of her belief that they readily translate to the letters "AD" (which Applicant mightily disputes). In the November 16, 2006 Reconsideration Letter, the Examining disparaged Applicant's evidence of no instances of actual confusion stating "it is unnecessary to show actual confusion in establishing likelihood of confusion". She also quoted In Re Kangaroos U.S.A., 223 USPQ 1025 (TTAB 1984) for the proposition that SRI Sports' evidence of a lack of instances of actual confusion over an appreciable time span is of little probative value since there is no evidence pertaining to the nature and extent

of the use by the registrant and the registrant has had no chance to be heard (at least in the absence of a consent agreement).

SRI Sport submits that the Examiner is mistakenly ignoring Dupont factor No. 8, which is “the length of time during and conditions under which there has been concurrent use without evidence of actual confusion”. Application of E.I. DuPont DeNemours & Co., 476 F.2d 1357, 1361 (C.C.P.A. 1973). Moreover, in this case, the registrant’s Letter of Protest to the Office caused the Examiner to reverse her initial finding of non-confusing similarity. Since a letter of protest was submitted by the registrant, it is clear that Applicant will not be able to submit a consent agreement.

Applicant, however, does wish to adduce the following evidence in response to the Examiner’s contention so as to provide proof about registrant’s use of the cited marks:

1. Evidence from the registrant’s website that demonstrates registrant is actively advertising and marketing its golf club shafts with the marks on them. The evidence is annexed as Exhibit 1.
2. Evidence of the number of U.S. Distributors used by the registrant as obtained from its website. This evidence is annexed as Exhibit 2.
3. Evidence of the substantial number of retailers that registrant has throughout the U.S. as obtained from its website. This evidence is annexed as Exhibit 3.

Applicant respectfully submits that this evidence supports the proposition that registrant is extensively advertising and marketing goods bearing the cited marks and that registrant’s goods are widely distributed through a great number of outlets. Accordingly, the evidence that SRI Sports wishes to add to the record on appeal renders SRI Sport’s prior evidence of a lack of instances of actual confusion as more probative of the issue of non-confusing similarity than not, and should be accepted.

The Board is advised that the Examining Attorney took the opportunity to adduce additional evidence in the November 16, 2006 Reconsideration Letter to support her position that the goods of the parties are related and travel in similar channels of trade. SRI Sports notes that this was not an issue in the Request for Reconsideration nor has it ever made an issue of same in this case. Here, SRI Sports wishes to adduce evidence that is probative and responsive to an issue raised by the Examining Attorney in her Reconsideration Letter, so that a fuller evidentiary record as possible is developed for the appeal. Applicant seeks to do no more than Examining Attorney has done; the only difference is that Applicant's evidence addresses a particular issue in contention whereas the Examining Attorney's evidence appended to the Reconsideration Letter does not. The notion of fairness requires that Applicant's evidence be accepted and this case remanded to the Examining Attorney for further consideration.

The Board is also advised that the undersigned telephonically contacted Examining Attorney Estrada to see if she would consent to this Motion. Ms. Estrada responded that she checked with her supervisor and was informed that the Office takes no position on motions of this kind.

In view of the foregoing, SRI Sports respectfully requests that this motion be granted.

Date: January 18, 2007  
New York, N.Y.

Respectfully submitted,

---
