Serial No. 79189893

Filed: 4/19/2016

**Millicent Canady, Paralegal Specialist:**

On April 13, 2017, Applicant filed its notice of appeal via ESTTA. In this case, Applicant checked the request for reconsideration box on the ESTTA form indicating that it had filed, or was filing on that day, a request for reconsideration of the final refusal to register. As a result of checking the box on the ESTTA form, proceedings on the appeal were suspended, and jurisdiction over the application was restored to the Examining Attorney for consideration.

It has come to the Board's attention that Applicant did not, in fact, file a request for reconsideration as indicated in the Board's April 13, 2017 order, and therefore the appeal should not have been suspended.

In view thereof, proceedings on the appeal are resumed and Applicant is allowed until **SIXTY DAYS** from the mailing date of this order in which to file its brief herein.

A request for an oral hearing, if desired, is due not later than ten days after the due date for applicant's reply brief.
