- Class 007. First Use: 0 First Use In Commerce: 0  
All goods and services in the class are appealed, namely: High frequency apparatus for welding, namely, electric arc welding apparatus, laser welding machines
- Class 009. First Use: 0 First Use In Commerce: 0  
All goods and services in the class are appealed, namely: Photographic equipment and parts and accessories therefor, namely, lens caps, camera body caps, cameras, camera lenses, still and motion picture cameras, camera viewfinders, digital cameras, lenses for digital cameras, extended eyepoint finders, flash units for cameras, photographic filters, photographic exposure meters, and digital photo frames for displaying digital pictures, video clips, and music; cameras and parts and accessories therefor, namely, lens caps, camera body caps, mount adaptors, eyepiece caps for cameras, eyecups for cameras, LCD monitor covers for cameras; digital cameras and parts and accessories therefor, namely, lens caps, camera body caps, mount adaptors for digital cameras, eyepiece caps for digital cameras, eyecups for digital cameras, LCD monitor covers for digital cameras; camera lenses; batteries for cameras and digital cameras; battery chargers for cameras and digital cameras; remote controls for cameras and digital cameras; cases for cameras and digital cameras; straps for cameras and digital cameras; optical machines and apparatus, namely, optical filters, optical lenses made of silica glass, periscopes, binoculars, telescopes, body-tubes for telescopes [lens barrels], tripods for telescopes, reflectors for telescopes, prisms for telescopes, lenses for telescopes, microscopes, magnifying glasses, metallurgical microscopes, body-tubes for microscopes [lens barrels], reflectors for microscopes, prisms for microscopes, lenses for microscopes, biological microscopes, polarizing microscopes, stereoscopes; binoculars; telescopes; range finders for cameras; downloadable computer software comprised of electronic instructional manuals for digital cameras; downloadable computer software for editing and managing of photographs and movies; downloadable computer software for transferring photographs and movies from a camera or memory card to a backup folder; downloadable computer software for uploading photographs and movies to an image storage and sharing service; downloadable computer software for adding GPS data to photograph and movie files; downloadable computer software for posting the locations of photographs and movie files on a world map using GPS data; recorded computer software comprised of electronic instructional manuals for digital cameras; computer software for editing and managing of photographs and movies; recorded computer software for transferring photographs and movies from a camera or memory card to a backup folder; recorded computer software for uploading photographs and movies to an image storage and sharing service; recorded computer software for adding GPS data to photograph and movie files; recorded computer software for posting the locations of photographs and movie files on a world map using GPS data; software program for use in digital photography, to provide an image-editing, printing, browsing, exporting, sending by e-mail and slideshow environment for digital images [ -- medium recorded software program for use in digital photography, to provide an image-editing, printing, browsing, exporting, sending by e-mail and slideshow environment for digital images including CD-ROMs, optical discs, magnetic discs and magnetic optical discs]; software program for use in digital photography to provide an image editing and printing environment for digital images recorded on magnetic and optical media, namely, CD-ROMs, optical disks, magnetic disks and magnetic optical disks; software for editing and managing of photographs and movies; Computer software for editing, adjusting, storing and printing digital images, including developing for RAW image data; electronic publications; non-contact measuring machines and instruments; recorded and downloadable computer software sold as a component of digital cameras, namely, computer software for editing and managing of photographs and movies, computer software for transferring photographs and movies from a camera or memory card to a backup folder, computer software for uploading photographs and movies to an image storage and sharing service; computer software that provides web-based access to applications and services through a web operating system or portal interface; pre-recorded magnetic data carriers featuring medical imaging software; imaging software and medical software for the manage-

ment of patients' medical records; computer software and firmware for medical imaging and 3D medical imaging; computer software and firmware for the provision of medical services and platforms to access retinal images and patients' medical records; computer software and firmware for use in optometry and ophthalmology for database management; computer software and firmware for imaging and 3D imaging; computer software and firmware for image processing and image analysis; computer software and firmware for viewing and storing images; computer software and firmware for retinal imaging; computer hardware and software for medical imaging apparatus and for image processing, image analysis and for viewing and storing images, and computer software and firmware for imaging for use in optometry and ophthalmology for database management; computer software and firmware for imaging for use in optometry and ophthalmology for database management; retinal imaging software and firmware; medical software, namely, medical operating system software for medical imaging apparatus, medical software for storing, recording, displaying, accessing and report generation of patient's medical records and retinal image scans, and medical software for controlling and managing patient medical information; medical software for 3D imaging; glass ophthalmic lenses; retinal imaging systems, namely, software for imaging the retina; liquid crystal display [LCD] projectors; cameras with liquid crystal display [LCD] projectors; digital cameras with liquid crystal display [LCD] projectors; microscopes; electron microscopes; biological microscopes; X-ray electron microscopes; rifle scopes; telescopic sights; monoculars; spectacles; eyeglasses; optical glasses and eyeglasses; eyewear; ophthalmic lenses; optical lenses; lenses for spectacles; lenses for eyeglasses; lenses for eyewear; eyeglass frames; solid state memory cards; memory cards; cell culture observation systems, namely, incubators for bacteria cultures, bioreactor for cell culturing, cell culture dishes and tissue culture flasks; magnifying glasses; crossbow scopes; digital photoframes; telescopes for firearms; sighting telescopes for firearms; semiconductor testing apparatus; liquid crystal testing apparatus; cases especially made for photographic apparatus and instruments; filters for ultraviolet rays for cameras and digital cameras; filters for ultraviolet rays, for photography; filters for cameras and digital cameras; photographic filters; lens filters for cameras; lens filters for digital cameras; cameras; flash-bulbs for cameras and digital cameras; flash-bulbs; flashlights for cameras and digital cameras for use in photography; flashlights for use in photography; shutter releases for cameras and digital cameras; shutter releases; shutter releases for cameras; shutter releases for digital cameras; shutters for cameras and digital cameras; shutters; shutters for cameras; shutters for digital cameras; photographic slides; spools for cameras and digital cameras; photography spools for cameras; spools for cameras; spools for digital cameras; stands for photographic apparatus; photographic transparencies; viewfinders for cameras and digital cameras; viewfinders, photographic; viewfinders for cameras; viewfinders for digital cameras; tripods for cameras and digital cameras; tripods for cameras; tripods for digital cameras; epidiascopes; mobile phones; cellular phones; portable telephones; smartphones; handheld terminal devices in the nature of handheld computers; handheld communication interface devices and accessories therefor; scanners; CCD (charge-coupled device) cameras; SD memory cards; secure digital (SD) memory cards; blank flash memory cards; flash card readers; recorded and downloadable video games software; audio speakers; loudspeakers; metronomes; bags specially adapted for cameras and photographic equipment; photographic machines and apparatus, namely, cameras, camera lenses, still and motion picture cameras, camera viewfinders, digital cameras, lenses for digital cameras, extended eyepoint finders, flash units for cameras, photographic filters, photographic exposure meters, and digital photo frames for displaying digital pictures, video clips, and music; cinematographic machines and apparatus; measuring or testing machines and instruments, namely, surveying machines and instruments, coordinate measuring machines, photometers, illuminometers, concentration meters, comparators, metal compression testing machines, analysis instruments for photogrammetric purposes, transits for surveying, spectrometers, interferometer, laser measuring systems, length measuring gauges, measuring spoons and cups, tire-pressure measurers, circuit testers, metal hardness testing machines, plastic testing machines, and apparatus for testing gas, liquids, and solids; measuring or testing machines and instruments, namely, spectroscope used for a terahertz wave, X-ray, computerized tomography, ultrasound and magnetic resonance inspection devices for non-medical, non-destructive testing; power distribution or control machines and apparatus, namely, electrical power distribution blocks, power distributing boxes, electric distribution consoles, automatic electrical distribution apparatus, electrical power distribution units; rotary converters; phase modifiers modifiers, namely, phase shifters for communication apparatus and optical phase shifters; batteries and fuel cells, photovoltaic cells, solar cells, dry cells, and lithium-ion batteries; electric or magnetic meters and testers; personal digital assistants in the shape of a watch; electronic machines, apparatus and their parts, namely, electronic circuit cards, computers and their peripherals, electrostatic copying machines, electronic desk calculators, hand-held electronic dictionaries, word processors, electron tubes, electronic circuits, Geiger counters, cyclotrons not for medical purposes, industrial x-ray machines and apparatus not for medical use, electronic computers, electronic machines for reading credit cards and recording financial operations, electrostatic coating machines, telephone answering machines, automatic answering ma-

chines, DVD machines; computers; display units for computers; hard disk drives; printers; optical mouse; electrostatic copying machines; electronic desk calculators; electronic dictionaries; word processors; electron tubes; semi-conductor elements; electronic circuits, not including those recorded with computer programs; recorded and downloadable computer programs for editing images, sound, and video; recorded and downloadable computer programs, namely, computer software for use in database management, for use as a spreadsheet, for word processing, for use in medical billing, and for use in financial accounting; geiger counters; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines, namely, magnetic locators, magnetic object detectors, seismic exploration machines and apparatus; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus, namely, hydrophones; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; remote control apparatus for closing doors; electron microscopes; laboratory apparatus and instruments, namely, air-gas producing apparatus in laboratories, constant temperature incubators, constant humidity incubators, glassware for scientific experiments in laboratories, porcelain ware for scientific experiments in laboratories, furnaces for laboratory experiments, scientific models and specimens, chemistry apparatus and instruments, incubators for bacteria culture, test tubes, laboratory centrifuges, chromatography apparatus for laboratory use, stills for laboratory experiments, furniture especially made for laboratories, laboratory trays, laboratory pipettes, furnaces for laboratory use, ovens for laboratory use, laboratory robots, crash test dummies, DNA chips, cosmographic instruments, biochips, cupels [laboratory], apparatus for fermentation [laboratory apparatus], apparatus and instruments for physics, Petri dishes, microtomes, capillary tubes, diaphragms for scientific apparatus, distillation apparatus for scientific purposes, crucibles [laboratory], retorts, retorts' stands; recorded and downloadable game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; exposed cinematographic films; exposed slide films; slide film mounts; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; electric and electronic effects units for musical instruments; recorded and downloadable game programs for arcade video game machines
