BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Application Serial No.	79280678
Applicant	POLYTEC Holding AG

Notice of Appeal

Notice is hereby given that POLYTEC Holding AG appeals to the Trademark Trial and Appeal Board the refusal to register the mark depicted in Application Serial No. 79280678.

The refusal to register has been appealed as to the following classes of goods/services:

- Class 007. First Use: 0 First Use In Commerce: 0
All goods and services in the class are appealed, namely: Machines and machine tools for treatment of materials and for manufacturing; driving devices for machines; drives for ventilation flaps; actuators for valves; hydrostatic drives; electrical drives for machines; variable speed drives for machines; pneumatic controls for machines, motors and engines; rotary to linear actuators; system control instruments (mechanical -); hydraulic controls for motors; fuel/air ratio controls [parts of engines or motors]; joints [parts of engines]; timing belt pulleys [parts of engines]; cylinders for motors and engines; pistons for engines; exhausts for motors and engines; anti-pollution devices for motors and engines; fuel injection systems for engines; engine fuel pumps; radiators [cooling] for motors and engines; engine camshafts; fans for motors and engines; ball bearings for engines; turbo-superchargers for engines; generating sets for use with engines; exhaust manifold for engines; tappets for engines; push rods for engines; crankcases for motors; belts for motors and engines; clack valves [parts of machines]; regulators for engines; fuel economisers for motors and engines; filters for cleaning cooling air, for engines; rotating electrical machines; ignition magnetos for engines; intake manifolds for motors; oil coolers for motors; timing belts for motors; radiator caps for cooling radiators of engines; engine cylinders for vehicles; engine cylinders for automobiles; mufflers for motors and engines; engine cases [vehicle parts]; motors, other than for land vehicles; manifolds [parts of engines]; pneumatic fuel injectors for engines; rocker arms [parts of engines]; vacuum control valves [parts of engines]; pneumatic controls for motors; grease rings [parts of machines]; water pumps for vehicles; water pumps for land vehicles; pumps [parts of machines, engines or motors]; pistons [parts of machines or engines]; speed governors for machines, engines and motors; crankcases for machines, motors and engines; emission reduction units for motors and engines; oil filters for motors and engines; housings [parts of machines]; water pumps for use in motors and engines; filter housings being parts of engines; taps being parts of machines; pumps for cooling engines; control mechanisms for machines, engines or motors; oil pumps for use in motors and engines; filters being parts of machines; process control units [mechanical]; process control instruments [hydraulic]; motor drive mechanisms [other than for land vehicles]; metal branching pipes [parts of engines]; hydraulic controls for machines, motors and engines; process control instruments [mechanical]; process control instruments [pneumatic]; process control units [hydraulic]; dashpot plungers [parts of engines or motors]; speed governors [mechanical] for machines, engines and motors; process control units [pneumatic]; joints for tubes (metal -) [parts of engines]; self-lubricating bearings for use in aerospace engines; exhaust gas recirculation [egr] valves for motors and engines; filters being parts of machines or engines; fuel injector parts for land and water vehicle engines; baffles [parts of machines, engines or motors]; positive crankcase ventilation [pcv] valves for motors and engines; compressors as parts of machines, motors and engines; brushes being parts of motors, generators and dynamos; distributor manifolds being parts of machines, engines or motors; power transmission belts for machines, motors and engines used in industrial applications
- Class 012. First Use: 0 First Use In Commerce: 0
All goods and services in the class are appealed, namely: parts and fittings for vehicles
