perfect POUT

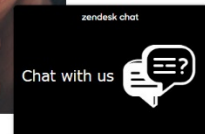

Plump, Lineless Lips

There is nothing funny about laugh lines, feathering lip lines and thin lips. Dermelect Lip treatments offer a complete topical solution utilizing hyaluronic plumping spheres, powerful peptides and key conditioning actives to address vertical lip lines and on-the-lip creases. Multitasking lipsticks dress lips in ultra rich pigments while providing an intense, long-wear color, satin finish and full coverage.

EYE

openers

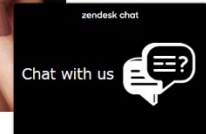

Redefining Essentials

Tired eyes can make the face as a whole look aged and fatigued. Dermelect's eye treatments can instantly reverse what's being seen. Peptides and tightening agents help target crow's feet, dark circles and droopy eyelids. Sparse brows and falling arches can easily be transformed and redefined resulting in eyes that appear bigger, brighter and more youthful looking.
