What is Dinovite?

Product Info

Product Info

What is Dinovite?

Dinovite is a nutritional supplement made with whole food ingredients that contain vitamins, minerals, enzymes, and the essential amino acids that can be missing from your pet's diet. It can help support the immune system, digestive function, healthy skin and a shiny coat! Does your dog itch, or scratch, shed, or drink the water? Have you tried creams, shampoos, antibiotics, steroids and vitamins? Are you tired of spending, spending and spending at the vet on your pet's medication?

Maybe It's Not Medical?

It could be a nutritional deficiency. Dogs and Cats need good nutrition so their bodies can function properly. The food is cooked at such a high temperature and intense pressure that many nutrients are destroyed. Your pet eats the nutrient depleted food. Not only so, often not in the manner he can absorb. Results: signs of nutritional deficiency.

Horrible Signs Like:

- Tardive itching
- Diarrhea and constipation
- Chills and fevers
- Bad odor
- Unexplained shedding

Any of these can be signs of a nutritional deficiency. If this describes your dog or cat, the nutrients in our **Dinovite** supplements can help support good body function.

Dinovite Is A Supplement

Dinovite contains delicate nutrients and digestive enzymes cooked out of your dog's or cat's food. These delicate nutrients can help with your pet's nutritional deficiency.

- No more itchy skin
- No more itchy ears
- No more itchy nose
- No more itchy paws
- No more itchy tail
- No more itchy face

Add it with **Dinovite** to their daily diet and see how quickly your beloved pet or pet becomes the happy healthy he was meant to be!

Dinovite Contains:

- Delicate Vitamins - for vibrant life
- Enzymes - for fast digestion
- Fatty Acids - for skin and shiny coat
- Omega - for skin and immune system
- Live Direct Food Microbiota - immune system
- Trace Minerals - proper body function

Rich in: Vitamins, Omega-3, and more! (see our [customer reviews](#))

How is Dinovite Sold?

Dinovite is sold in 5 sizes for dogs and one size for cats. We recommend you purchase the correct size for your dog or cat. Each package is a 90-day supply for the size dog. Most "Signs of Nutritional Deficiency" will take weeks to days. So it is important to give your dog a full trial and purchase a 90-day supply for your dog. We also offer a **30-Day Guarantee** on your first purchase so you can try Dinovite without risk!

For Additional Nutrients

We recommend you purchase **Lickonops** or **Replenish** fish oil along with your Dinovite. We offer both at a discount with your purchase of **Dinovite**. **Lickonops** and **Replenish** contain omega-3 fatty acids that help support a dog's body function. **Lickonops** comes with **Dinovite** and the **Replenish** supplies the omega-3 and fatty acids to your cat.

- If your dog is itchy choose the **Lickonops**
- If your dog is itchy choose the **Replenish**

Yummy Dog & Cat Treats

Our treats are called **Nutrients**. Your dog will love **Nutrients** and they are great for him too! **Nutrients** are freeze-dried beef. No artificial dyes. They are healthy, healthy. We also have **Nutrients** for cats in two flavors: salmon and chicken. Cats love them!

Gentle Dog Shampoo

Protein source of fish skin is also in dog shampoo. Dinovite's All Natural dog shampoo is called **Dinoshampoo**. Dinoshampoo is very gentle. It cleans quickly and helps clean your dog's itchy scratchy skin. Make sure to pick up a tub of **Dinoshampoo** with your purchase.

Special Note:

- Women love **Lickonops** dognuts
- Also look for **Replenish** Oil based Drops
- Everyone loves **Dinoshampoo**, **Omega 3**, **Trace Minerals**

Home Supplements Super-Food & Phyto-Food Combo

Super-Food & Phyto-Food Combo

\$ 69.98 \$ 79.98 ★★★★★ (2 reviews) | add review

Benefits

- ✓ Immunity Support
- ✓ Free Radical Defense
- ✓ Promotes Healing
- ✓ Boosts Energy & Vitality
- ✓ Increases Digestion
- ✓ Supports Joint Health

Combining these two supplements gives your pet more:

- ✓ Health Benefits
- ✓ Nutrients
- ✓ Protection from Diseases

- Chlorella – 50 mg
- Spirulina – 50 mg
- Ginkgo Biloba – 20 mg
- Biotin – 500 mg
- Bee Pollen – 20 mcg
- Taurine – 50 mg
- Digestive Enzyme Complex (Protease, Lipase, Amylase, Cellulase) – 50 mg
- Acidophilus – 10 mg
- Fossil Mineral Flour – 50 mg

In a base of: North Atlantic Kelp, Nutritional Yeast, Lecithin, Alfalfa, and Wheat Sprouts.

Doc Broderick designed Cornucopia Supplements to give your pet the nutrients it needs to live a healthier, longer life. Super-Food antioxidant is based off of the Mediterranean Diet and Phyto-Food immunity support is based off of the Pacific Rim Diet. They should be used in combination and served in equal amounts. We recommend ordering these supplements as a "pair" but they are available to order as single units as well.

To purchase or replace a single bottle of either Super-Food or Phyto-Food please call (631) 546-6587!

- North Atlantic Sea Kelp
- North Pacific Sea Kelp
- Organic Nutritional Yeast

Feeding Guidelines

Phyto-Food Immunity Support Supplement for Pets and Super-Food Antioxidant Supplement for Pets can be mixed with canned food or dry food, raw or table food. Start your pet on these potent supplements by feeding just a pinch (as if you were feeding a goldfish), and then increase every day as your pet develops a taste for it.

Maintenance for pets:

- Over 50lbs. - 1 Teaspoon Each Per Meal
- 50lbs. to 60lbs. - 3/4 Tsp. to 1 Tsp. Each Per Meal
- 30lbs. to 50lbs. - 1/2 Tsp. to 3/4 Tsp. Each Per Meal
- 20lbs. to 30lbs. - 1/4 Tsp. to 1/2 Tsp. Each Per Meal
- Under 20lbs. - 1/8 Tsp. to 1/4 Tsp. Each Per Meal

Double or triple these amounts under severe stress conditions such as injury, sickness, or surgery.

Buddy's Story

Gene on Oct 31, 2016

Buddy, a 12 yr. old Min. Pin. had a chronic cough that was treated with antibiotics and steroids, no help. I tried cornucopia, after 3 days the cough has all but disappeared. The only regret I have is I don't start feeding buddy this food a long time ago. I can't say enough about this amazing food!!! I give this food a 10 STAR rating!

Colitis is healing

Alain on Aug 16, 2016

My 14 yr old chihuahua terrier mix of 10 lbs was suffering from colitis for the last 10 months. I started giving him an 8th of a tsp on super food and 8th of tsp of phyto food with a pinch of organic sulphur once per day with his food. I feed him sometimes cornucopia food or I'll feed him some cooked chicken or steak. I sprinkle this powder on his food and max it in. After about 7 days Max stopped throwing up and his diarrhea is gone!! He has alot of energy like a young dog, a healthier appetite and it really helped him alot. Give this a try because it really does work wonders for my pooch Max.
