IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Application Serial No.	87830290
Applicant	NSF International

Notice of Appeal

Notice is hereby given that NSF International appeals to the Trademark Trial and Appeal Board the refusal to register the mark depicted in Application Serial No. 87830290.

Applicant has filed a request for reconsideration of the refusal to register, and requests suspension of the appeal pending consideration of the request by the Examining Attorney.

The refusal to register has been appealed as to the following classes of goods/services:

- Class 042. First Use: 2008/02/21 First Use In Commerce: 2008/02/21
All goods and services in the class are appealed, namely: Accreditation services, namely, developing, evaluating, and testing standards for the goods and services of others for the purpose of accreditation; agricultural testing for sustainable and organic farming and food processing; consumer product safety testing consultation; developing quality control standards for food, beverages, food supplements, food ingredients, water, cosmetics, vitamins and supplements, pharmaceuticals, chemicals, plumbing equipment and supplies, building materials, cooking and food preparation equipment and supplies, coatings, cleaning products, and consumer products; development and establishment of testing specifications and procedures for the agriculture, water, aquaculture, food processing, pharmaceutical, medical, construction, packaging, automotive repair, cosmetics, and consumer products industries; food safety testing and consultation related thereto; inspecting foods to determine whether the goods conform to kosher quality certification standards; inspection, quantity and quality control, supervision and verification of the quality and quantity of raw materials, commodities, manufactured, semi-manufactured and transformed goods or goods of any other nature and their conformity with national and international norms, laws, rules, practice and standards and with clients' contractual requirements; product quality evaluation; product safety testing; quality control for others; scientific laboratory services; testing and certifying food service equipment (including dishwashers, refrigerator, freezers, racks, sinks, hot and cold food-holding tables, ovens, deep fryers, ice and drink dispensers, etc.), water pipes (plastic and copper), valves used in water transport, water meters, pipe and tank coatings, chemicals used to treat water, home drinking water filter systems, water softeners, faucets, and bottled water; testing, analysis and evaluation of service providers to determine conformity with established accreditation standards; testing, analysis and evaluation of the goods and services of others for the purpose of certification as to quality, ingredients and performance; testing, analysis and evaluation of the goods of others for the purpose of certification as to fitness for public health and safety; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing, inspection or research on agriculture, livestock breeding or fisheries; textile testing; water analysis
- Class 045. First Use: 2008/02/21 First Use In Commerce: 2008/02/21
All goods and services in the class are appealed, namely: Consulting services in the field of public safety; providing advice in the field of public safety; reviewing the product labels, packaging, and advertising and marketing materials of others to assure compliance with government laws and regulations and industry practices; reviewing standards and practices in the field of food manufacturing and preparation, food storage, and food processing organizations to assure compliance with government laws and regulations and industry practices, including quality control practices and hazard analysis critical control point (HACCP) systems and procedures

Respectfully submitted,
/Michael A. Lisi/
