GOODS AND/OR SERVICES SECTION (019)(current)	
INTERNATIONAL CLASS	019
DESCRIPTION	
<p>Goods for structural building with timber, namely, prefabricated house construction kits for building external cellars, bicycle storage racks, or storage sheds, comprised of wood flooring materials, and cladding panels for ceilings, walls, stairs, doors, door frames, windows, window frames, chimneys, decks; building materials in the nature of in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of building materials consisting of biomaterial, organic raw materials of biological origin, including but not limited to wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes; with or without the addition of mineral or other non-metal fillers; building materials, in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of wood-based materials; boards and non-metal moldings for use in building construction; padded floor panels, not of metal, for building; building materials with wood-veneer protective layers, namely, boards and non-metal moldings; floor panels from wood or wood-based materials, namely, boards and molded padding from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; building materials with wood-veneer protective layers, namely, boards and non-metal moldings, floor panels from a mixture of wood and, wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building; building materials, namely, with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes; hybrid boards, with a bamboo middle layer, for building; building materials, namely, chipboard, veneered chipboard, laminated chipboard, fire inhibiting, fire resisting or refractory chipboard panels and molded, padded floor panels; non-metal building materials, namely, thin chipboard, oriented strand board, boards from long, flat, oriented chips; fibreboards and molding, padded floor panels made of fibres for building; wood fibreboards, veneered fibreboards, laminated fibreboard, melamine resin-coated medium density fibreboards; building materials, namely, melamine resin-coated high density fibreboards; wood-fibre polymer boards and panels used as building materials for floor, wall, roof and ceiling coverings; tiles for floors and tile flooring, not of metal, from biomaterial, wood or wood-based materials, or from plastic and other non-metal materials; wooden flooring, parquet flooring and parquet slabs, parquet flooring made of cork, parquet wood flooring, with a middle layer of wood-based materials; paper and paper molding, padded floor panels for building, namely, paper impregnated with artificial resin for laminates; non-metallic laminates in the nature of flooring, wall, roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates in the nature of for flooring, wall, roof and ceiling coverings; panels, not of metal, in the nature of laminate panels, consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials, for building; building materials, namely, wood boards, manufactured timber, semi-worked moldable wood, semi-worked wood; timber boarding; wood rafters; timber planking; construction materials, namely, composite panels consisting of a rigid expanded polystyrene core bonded to an outer skin of MDF (medium-density fiberboard) wood sheeting; wooden doors; timber moldings for architecural purposes, building construction purposes, decoration, cornices; planks of wood for building; wood veneers; non-metal building material, namely, terrace boards; floor slabs, not of metal, for building; non-metal decorative moldings for building; wood, namely, tree trunks, tree branches, planks, boards, beams, bars, posts, veneer, sidings, strips, borders, ledges; planks of wood for building; sawn timber; plywood; glue-laminated wood, with a lacquered surface; doors, namely, sliding doors, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metallic shutters namely doors, windows, caps; concrete casings, for building; end stripping,</p>	

not of metal, especially for building; fitted furniture covers, namely, radiator covers, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; non-metal building materials, namely, floor coverings being non-metal tiles, terrace decking boards, floor laminates and floor panels; laminates for flooring, wall, roof and ceiling coverings; panels and claddings for walls, ceilings and facades panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; non-metallic transportable buildings; floor coverings being floor tiles or floor panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other non-metal fillers; laminate for floor, wall, roof or ceiling coverings; floor panels; high-pressure laminates and laminates grouted directly or continuously as flooring; non-metal floor tiles, namely, floor tiles made of plastic, especially polyvinyl chloride; building materials, namely, non-metal countertops or work tops for further installation

TRACKED TEXT DESCRIPTION

Goods for structural building with timber, namely, prefabricated house construction kits for building external cellars, bicycle storage racks, or storage sheds, comprised of wood flooring materials, and cladding panels for ceilings, walls, stairs, doors, door frames, windows, window frames, chimneys, decks; ~~building materials in the nature of in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of building materials consisting of biomaterial, organic raw materials of biological origin, including but not limited to wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes;~~ building materials in the nature of non-metal boards for flooring, walls, roofing, and for ceiling coverings for indoor and outdoor applications, all of the foregoing comprised of building materials consisting of biomaterial, organic raw materials of biological origin, featuring wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes with or without the addition of mineral or other non-metal fillers; ~~with or without the addition of mineral or other non-metal fillers;~~ building materials, in the nature of non-metal boards for flooring, walls, roofing and for ceiling coverings for indoor and outdoor applications comprised of wood-based materials; ~~building materials, in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of wood-based materials;~~ non-metal boards for use in building construction; boards and non-metal moldings for use in building construction; floor boards, not of metal, for building; padded floor panels, not of metal, for building; building materials with wood-veneer protective layers, namely, boards from wood and wood-based materials; building materials with wood-veneer protective layers, namely, boards and non-metal moldings; non-metal floor panels from wood or wood-based materials, namely, boards from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; floor panels from wood or wood-based materials, namely, boards and molded padding from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; building materials with wood-veneer protective layers, namely, boards and floor panels from a mixture of wood and wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building; ~~building materials with wood-veneer protective layers, namely, boards and non-metal moldings, floor panels from a mixture of wood and wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials, or as composite material, made of the above-mentioned materials, for building;~~ non-metal building materials, namely, wall boards, fiberglass panels, floor boards, and fascia with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes; ~~building materials, namely, with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes;~~ hybrid boards, with a bamboo middle layer, for building; building materials, namely, chipboard, veneered chipboard, laminated chipboard, fire inhibiting, fire resisting or refractory chipboard panels and molded, padded floor panels; non-metal building materials, namely, thin chipboard, oriented strand board, boards from long, flat, oriented chips; fibreboards made of fibres for building; ~~fibreboards and molding, padded floor panels made of fibres for building;~~ wood fibreboards, veneered fibreboards,

laminated fibreboard, melamine resin-coated medium density fibreboards; building materials, namely, melamine resin-coated high density fibreboards; wood-fibre polymer boards and panels used as building materials for flooring, walls, roofing and for ceiling coverings; ~~wood-fibre polymer boards and panels used as building materials for floor, wall, roof and ceiling coverings~~; tiles for floors and tile flooring, not of metal, from biomaterial, wood or wood-based materials, or from plastic and other non-metal materials; wooden flooring, parquet flooring and parquet slabs, parquet flooring made of cork, parquet wood flooring, with a middle layer of wood-based materials; paper and paper moulded, padded floor panels for building, namely, paper impregnated with artificial resin for laminates; ~~paper and paper molding, padded floor panels for building, namely, paper impregnated with artificial resin for laminates~~; non-metallic laminates for building in the nature of flooring, wall cladding for building, and roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials; ~~non-metallic laminates in the nature of flooring, wall, roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials~~; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates for flooring, wall cladding for building, roof and ceiling coverings; ~~building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates in the nature of for flooring, wall, roof and ceiling coverings~~; panels, not of metal, in the nature of laminate panels, consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials, for building; building materials, namely, wood boards, manufactured timber, semi-worked moldable wood, semi-worked wood; timber boarding; wood rafters; timber planking; construction materials, namely, composite panels consisting of a rigid expanded polystyrene core bonded to an outer skin of MDF (medium-density fiberboard) wood sheeting; wooden doors; timber moldings for architectural purposes, building construction purposes, decoration, and for cornices; ~~timber moldings for architectural purposes, building construction purposes, decoration, cornices~~; planks of wood for building; wood veneers; non-metal building material, namely, terrace boards; floor slabs, not of metal, for building; non-metal decorative moldings for building; wood, namely, tree trunks for use as construction material, planks, boards, beams, bars as reinforcements for concrete and wood building construction, posts, veneer, sidings, strip board, moldings, ledger boards; ~~wood, namely, tree trunks, tree branches, planks, boards, beams, bars, posts, veneer, sidings, strips, borders, ledges~~; semi-worked wood, namely, tree branches; planks of wood for building; sawn timber; plywood; glue-laminated wood, with a lacquered surface; doors, namely, sliding doors, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; ~~non-metallic shutters namely doors, windows, caps~~; non-metallic shutters for use on doors and windows, and non-metallic shutters in the nature of shutter caps; ~~concrete casings, for building~~; window and door concrete casings, for building; end stripping, not of metal, especially for building; ~~fitted furniture covers, namely, radiator covers, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics~~; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, featuring organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics featuring bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; ~~non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes~~; non-metal building materials, namely, floor coverings being non-metal tiles, terrace decking boards, floor laminates and floor panels; non-metal building materials, namely, laminates for flooring, wall cladding for building, and roof and ceiling coverings; ~~laminates for flooring, wall, roof and ceiling coverings~~; panels and claddings for walls, ceilings and facade panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; ~~panels and claddings for walls, ceilings and facades panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory~~; non-metallic transportable buildings; floor coverings being floor tiles or floor panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other non-metal fillers; laminated floor, wall, roof or ceiling panels; ~~laminated floor, wall, roof or ceiling coverings~~; laminated floor panels; ~~floor panels~~; high-pressure laminates and laminates grouted directly or continuously as flooring; non-metal floor tiles, namely, floor tiles made of plastic, especially polyvinyl chloride; building materials, namely, non-metal countertops or work tops for further installation

FINAL DESCRIPTION

Goods for structural building with timber, namely, prefabricated house construction kits for building external cellars, bicycle storage racks, or storage sheds, comprised of wood flooring materials, and cladding panels for ceilings, walls, stairs, doors, door frames, windows, window frames, chimneys, decks; building materials in the nature of non-metal boards for flooring, walls, roofing, and for ceiling coverings for indoor and outdoor applications, all of the foregoing comprised of building materials consisting of biomaterial, organic raw materials of biological origin, featuring wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes with or without the addition of mineral or other non-metal fillers; building materials, in the nature of non-metal boards for flooring, walls, roofing and for ceiling coverings for indoor and outdoor applications comprised of wood-based materials; non-metal boards for use in building construction; floor boards, not of metal, for building; building materials with wood-veneer

protective layers, namely, boards from wood and wood-based materials; non-metal floor panels from wood or wood-based materials, namely, boards from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; building materials with wood-veneer protective layers, namely, boards and floor panels from a mixture of wood and wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building; non-metal building materials, namely, wall boards, fiberglass panels, floor boards, and fascia with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes; hybrid boards, with a bamboo middle layer, for building; building materials, namely, chipboard, veneered chipboard, laminated chipboard, fire inhibiting, fire resisting or refractory chipboard panels and molded, padded floor panels; non-metal building materials, namely, thin chipboard, oriented strand board, boards from long, flat, oriented chips; fibreboards made of fibres for building; wood fibreboards, veneered fibreboards, laminated fibreboard, melamine resin-coated medium density fibreboards; building materials, namely, melamine resin-coated high density fibreboards; wood-fibre polymer boards and panels used as building materials for flooring, walls, roofing and for ceiling coverings; tiles for floors and tile flooring, not of metal, from biomaterial, wood or wood-based materials, or from plastic and other non-metal materials; wooden flooring, parquet flooring and parquet slabs, parquet flooring made of cork, parquet wood flooring, with a middle layer of wood-based materials; paper and paper moulded, padded floor panels for building, namely, paper impregnated with artificial resin for laminates; non-metallic laminates for building in the nature of flooring, wall cladding for building, and roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates for flooring, wall cladding for building, roof and ceiling coverings; panels, not of metal, in the nature of laminate panels, consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials, for building; building materials, namely, wood boards, manufactured timber, semi-worked moldable wood, semi-worked wood; timber boarding; wood rafters; timber planking; construction materials, namely, composite panels consisting of a rigid expanded polystyrene core bonded to an outer skin of MDF (medium-density fiberboard) wood sheeting; wooden doors; timber moldings for architectural purposes, building construction purposes, decoration, and for cornices; planks of wood for building; wood veneers; non-metal building material, namely, terrace boards; floor slabs, not of metal, for building; non-metal decorative moldings for building; wood, namely, tree trunks for use as construction material, planks, boards, beams, bars as reinforcements for concrete and wood building construction, posts, veneer, sidings, strip board, moldings, ledger boards; semi-worked wood, namely, tree branches; planks of wood for building; sawn timber; plywood; glue-laminated wood, with a lacquered surface; doors, namely, sliding doors, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metallic shutters for use on doors and windows, and non-metallic shutters in the nature of shutter caps; window and door concrete casings, for building; end stripping, not of metal, especially for building; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, featuring organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics featuring bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; non-metal building materials, namely, floor coverings being non-metal tiles, terrace decking boards, floor laminates and floor panels; non-metal building materials, namely, laminates for flooring, wall cladding for building, and roof and ceiling coverings; panels and claddings for walls, ceilings and facade panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; non-metallic transportable buildings; floor coverings being floor tiles or floor panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other non-metal fillers; laminate floor, wall, roof or ceiling panels; laminate floor panels; high-pressure laminates and laminates grouted directly or continuously as flooring; non-metal floor tiles, namely, floor tiles made of plastic, especially polyvinyl chloride; building materials, namely, non-metal countertops or work tops for further installation

OMB No. 0651-0050 (Exp 09/20/2020)

Request for Reconsideration after Final Action

To the Commissioner for Trademarks:

Application serial no. **87897510** K KRONOSTAR (Stylized and/or with Design, see <https://tmng-al.uspto.gov/resting2/api/img/87897510/large>) has been amended as follows:

CLASSIFICATION AND LISTING OF GOODS/SERVICES

Applicant proposes to amend the following class of goods/services in the application:

Current: Class 019 for Goods for structural building with timber, namely, prefabricated house construction kits for building external cellars, bicycle storage racks, or storage sheds, comprised of wood flooring materials, and cladding panels for ceilings, walls, stairs, doors, door frames, windows, window frames, chimneys, decks; building materials in the nature of in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of building materials consisting of biomaterial, organic raw materials of biological origin, including but not limited to wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes; with or without the addition of mineral or other non-metal fillers; building materials, in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of wood-based materials; boards and non-metal moldings for use in building construction; padded floor panels, not of metal, for building; building materials with wood-veneer protective layers, namely, boards and non-metal moldings; floor panels from wood or wood-based materials, namely, boards and molded padding from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; building materials with wood-veneer protective layers, namely, boards and non-metal moldings, floor panels from a mixture of wood and, wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building; building materials, namely, with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes; hybrid boards, with a bamboo middle layer, for building; building materials, namely, chipboard, veneered chipboard, laminated chipboard, fire inhibiting, fire resisting or refractory chipboard panels and molded, padded floor panels; non-metal building materials, namely, thin chipboard, oriented strand board, boards from long, flat, oriented chips; fibreboards and molding, padded floor panels made of fibres for building; wood fibreboards, veneered fibreboards, laminated fibreboard, melamine resin-coated medium density fibreboards; building materials, namely, melamine resin-coated high density fibreboards; wood-fibre polymer boards and panels used as building materials for floor, wall, roof and ceiling coverings; tiles for floors and tile flooring, not of metal, from biomaterial, wood or wood-based materials, or from plastic and other non-metal materials; wooden flooring, parquet flooring and parquet slabs, parquet flooring made of cork, parquet wood flooring, with a middle layer of wood-based materials; paper and paper molding, padded floor panels for building, namely, paper impregnated with artificial resin for laminates; non-metallic laminates in the nature of flooring, wall, roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates in the nature of for flooring, wall, roof and ceiling coverings; panels, not of metal, in the nature of laminate panels, consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials, for building; building materials, namely, wood boards, manufactured timber, semi-worked moldable wood, semi-worked wood; timber boarding; wood rafters; timber planking; construction materials, namely, composite panels consisting of a rigid expanded polystyrene core bonded to an outer skin of MDF (medium-density fiberboard) wood sheeting; wooden doors; timber moldings for architectural purposes, building construction purposes, decoration, cornices; planks of wood for building; wood veneers; non-metal building material, namely, terrace boards; floor slabs, not of metal, for building; non-metal decorative moldings for building; wood, namely, tree trunks, tree branches, planks, boards, beams, bars, posts, veneer, sidings, strips, borders, ledges; planks of wood for building; sawn timber; plywood; glue-laminated wood, with a lacquered surface; doors, namely, sliding doors, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metallic shutters namely doors, windows, caps; concrete casings, for building; end stripping, not of metal, especially for building; fitted furniture covers, namely, radiator covers, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; non-metal building materials, namely, floor coverings being non-metal tiles, terrace decking boards, floor laminates and floor panels; laminates for flooring, wall, roof and ceiling coverings; panels and claddings for walls,

ceilings and facades panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; non-metallic transportable buildings; floor coverings being floor tiles or floor panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other non-metal fillers; laminate for floor, wall, roof or ceiling coverings; floor panels; high-pressure laminates and laminates grouted directly or continuously as flooring; non-metal floor tiles, namely, floor tiles made of plastic, especially polyvinyl chloride; building materials, namely, non-metal countertops or work tops for further installation

Original Filing Basis:

Filing Basis: Section 44(e), Based on Foreign Registration: For all applications: The applicant attaches a copy of [Germany registration number 302017110993 registered 01/22/2018 with a renewal date of _____ and an expiration date of 10/31/2027], and translation thereof, if appropriate. **For a trademark or service mark application:** As of the application filing date, the applicant had a bona fide intention, and was entitled, to use the mark in commerce on or in connection with the identified goods/services. **For a collective trademark, collective service mark, or collective membership mark application:** As of the application filing date, the applicant had a bona fide intention, and was entitled, to exercise legitimate control over the use of the mark in commerce by members on or in connection with the identified goods/services/collective membership organization. **For a certification mark application:** As of the application filing date, the applicant had a bona fide intention, and was entitled, to exercise legitimate control over the use of the mark in commerce by authorized users on or in connection with the identified goods/services, and the applicant will not engage in the production or marketing of the goods/services to which the mark is applied, except to advertise or promote recognition of the certification program or of the goods or services that meet the certification standards of the applicant.

Proposed:

Tracked Text Description: Goods for structural building with timber, namely, prefabricated house construction kits for building external cellars, bicycle storage racks, or storage sheds, comprised of wood flooring materials, and cladding panels for ceilings, walls, stairs, doors, door frames, windows, window frames, chimneys, decks; ~~building materials in the nature of in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of building materials consisting of biomaterial, organic raw materials of biological origin, including but not limited to wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes;~~ building materials in the nature of non-metal boards for flooring, walls, roofing, and for ceiling coverings for indoor and outdoor applications, all of the foregoing comprised of building materials consisting of biomaterial, organic raw materials of biological origin, featuring wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes with or without the addition of mineral or other non-metal fillers; ~~with or without the addition of mineral or other non-metal fillers;~~ building materials, in the nature of non-metal boards for flooring, walls, roofing and for ceiling coverings for indoor and outdoor applications comprised of wood-based materials; ~~building materials, in the nature of non-metal boards for flooring, wall, roof and ceiling coverings for indoor and outdoor applications comprised of wood-based materials;~~ non-metal boards for use in building construction; ~~boards and non-metal moldings for use in building construction;~~ floor boards, not of metal, for building; ~~padded floor panels, not of metal, for building;~~ building materials with wood-veneer protective layers, namely, boards from wood and wood-based materials; ~~building materials with wood-veneer protective layers, namely, boards and non-metal moldings;~~ non-metal floor panels from wood or wood-based materials, namely, boards from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; ~~floor panels from wood or wood-based materials, namely, boards and molded padding from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building;~~ building materials with wood-veneer protective layers, namely, boards and floor panels from a mixture of wood and wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building; ~~building materials with wood-veneer protective layers, namely, boards and non-metal moldings, floor panels from a mixture of wood and, wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building;~~ non-metal building materials, namely, wall boards, fiberglass panels, floor boards, and fascia with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes; ~~building materials, namely, with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes;~~ hybrid boards, with a bamboo middle layer, for building; ~~building materials, namely, chipboard, veneered chipboard, laminated chipboard, fire inhibiting, fire resisting or refractory chipboard panels and molded, padded floor panels;~~ non-metal building materials, namely, thin chipboard, oriented strand board, boards from long, flat, oriented chips; ~~fibreboards made of fibres for building;~~ fibreboards and molding, padded floor panels made of fibres for building; ~~wood fibreboards, veneered fibreboards, laminated fibreboard, melamine resin-coated medium density fibreboards;~~ building materials, namely, melamine resin-coated high density fibreboards; ~~wood-fibre polymer boards and panels used as building materials for flooring, walls, roofing and for ceiling coverings;~~ wood-fibre polymer boards and panels used as building materials for floor, wall, roof and ceiling coverings; ~~tiles for floors and tile flooring, not of metal, from biomaterial, wood or wood-based materials, or from plastic and other non-metal materials;~~ wooden flooring, parquet flooring and parquet slabs, parquet flooring made of cork, parquet wood flooring, with a middle layer of wood-based materials; ~~paper and paper moulded, padded floor panels for building, namely, paper impregnated with artificial resin for laminates;~~ paper and paper molding, padded floor panels for building, namely, paper impregnated with artificial resin for laminates; ~~non-metallic laminates for building in the nature of flooring, wall cladding for building, and roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials;~~ non-metallic laminates in the nature of flooring, wall, roof

~~and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates for flooring, wall cladding for building, roof and ceiling coverings; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates in the nature of for flooring, wall, roof and ceiling coverings; panels, not of metal, in the nature of laminate panels, consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials, for building; building materials, namely, wood boards, manufactured timber, semi-worked moldable wood, semi-worked wood; timber boarding; wood rafters; timber planking; construction materials, namely, composite panels consisting of a rigid expanded polystyrene core bonded to an outer skin of MDF (medium-density fiberboard) wood sheeting; wooden doors; timber moldings for architectural purposes, building construction purposes, decoration, and for cornices; timber moldings for architectural purposes, building construction purposes, decoration, cornices; planks of wood for building; wood veneers; non-metal building material, namely, terrace boards; floor slabs, not of metal, for building; non-metal decorative moldings for building; wood, namely, tree trunks for use as construction material, planks, boards, beams, bars as reinforcements for concrete and wood building construction, posts, veneer, sidings, strip board, moldings, ledger boards; wood, namely, tree trunks, tree branches, planks, boards, beams, bars, posts, veneer, sidings, strips, borders, ledges; semi-worked wood, namely, tree branches; planks of wood for building; sawn timber; plywood; glue-laminated wood, with a lacquered surface; doors, namely, sliding doors, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metallic shutters namely doors, windows, caps; non-metallic shutters for use on doors and windows, and non-metallic shutters in the nature of shutter caps; concrete casings, for building; window and door concrete casings, for building; end stripping, not of metal, especially for building; fitted furniture covers, namely, radiator covers, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, featuring organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics featuring bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, including, but not limited to, organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics including, but not limited to, bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; non-metal building materials, namely, floor coverings being non-metal tiles, terrace decking boards, floor laminates and floor panels; non-metal building materials, namely, laminates for flooring, wall cladding for building, and roof and ceiling coverings; laminates for flooring, wall, roof and ceiling coverings; panels and claddings for walls, ceilings and facade panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; panels and claddings for walls, ceilings and facades panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; non-metallic transportable buildings; floor coverings being floor tiles or floor panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other non-metal fillers; laminate floor, wall, roof or ceiling panels; laminate for floor, wall, roof or ceiling coverings; laminate floor panels; floor panels; high-pressure laminates and laminates grouted directly or continuously as flooring; non-metal floor tiles, namely, floor tiles made of plastic, especially polyvinyl chloride; building materials, namely, non-metal countertops or work tops for further installation~~

Class 019 for Goods for structural building with timber, namely, prefabricated house construction kits for building external cellars, bicycle storage racks, or storage sheds, comprised of wood flooring materials, and cladding panels for ceilings, walls, stairs, doors, door frames, windows, window frames, chimneys, decks; building materials in the nature of non-metal boards for flooring, walls, roofing, and for ceiling coverings for indoor and outdoor applications, all of the foregoing comprised of building materials consisting of biomaterial, organic raw materials of biological origin, featuring wood, wood fibres, grasses or biomaterials, wood-based materials, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes with or without the addition of mineral or other non-metal fillers; building materials, in the nature of non-metal boards for flooring, walls, roofing and for ceiling coverings for indoor and outdoor applications comprised of wood-based materials; non-metal boards for use in building construction; floor boards, not of metal, for building; building materials with wood-veneer protective layers, namely, boards from wood and wood-based materials; non-metal floor panels from wood or wood-based materials, namely, boards from chipped wood, wood particles or hard-fibre material, or from plastic and other non-metal materials, for building; building materials with wood-veneer protective layers, namely, boards and floor panels from a mixture of wood and wood-based materials, namely, chipped wood, wood particles, hard-fibre material, and plastic, or other non-metal materials or as composite material, made of the above-mentioned materials, for building; non-metal building materials, namely, wall boards, fiberglass panels, floor boards, and fascia with wood-veneer protective layers comprised of wood-plastic composite materials, wood-plastic material mixes, wood-based material-plastic composite materials, and wood-based material-plastic material mixes; hybrid boards, with a bamboo middle layer, for building; building materials, namely, chipboard, veneered chipboard, laminated chipboard, fire inhibiting, fire resisting or refractory chipboard panels and molded, padded floor panels; non-metal building materials, namely, thin chipboard, oriented strand board, boards from long, flat, oriented chips; fibreboards made of fibres for building; wood fibreboards, veneered fibreboards, laminated fibreboard, melamine resin-coated medium density fibreboards; building

materials, namely, melamine resin-coated high density fibreboards; wood-fibre polymer boards and panels used as building materials for flooring, walls, roofing and for ceiling coverings; tiles for floors and tile flooring, not of metal, from biomaterial, wood or wood-based materials, or from plastic and other non-metal materials; wooden flooring, parquet flooring and parquet slabs, parquet flooring made of cork, parquet wood flooring, with a middle layer of wood-based materials; paper and paper moulded, padded floor panels for building, namely, paper impregnated with artificial resin for laminates; non-metallic laminates for building in the nature of flooring, wall cladding for building, and roof and ceiling coverings consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials; building materials, namely, high-pressure laminates and laminates grouted directly or continuously, not of metal, in the nature of non-metallic laminates for flooring, wall cladding for building, roof and ceiling coverings; panels, not of metal, in the nature of laminate panels, consisting of biomaterial, wood or wood-based materials, or plastics or other non-metal materials, for building; building materials, namely, wood boards, manufactured timber, semi-worked moldable wood, semi-worked wood; timber boarding; wood rafters; timber planking; construction materials, namely, composite panels consisting of a rigid expanded polystyrene core bonded to an outer skin of MDF (medium-density fiberboard) wood sheeting; wooden doors; timber moldings for architectural purposes, building construction purposes, decoration, and for cornices; planks of wood for building; wood veneers; non-metal building material, namely, terrace boards; floor slabs, not of metal, for building; non-metal decorative moldings for building; wood, namely, tree trunks for use as construction material, planks, boards, beams, bars as reinforcements for concrete and wood building construction, posts, veneer, sidings, strip board, moldings, ledger boards; semi-worked wood, namely, tree branches; planks of wood for building; sawn timber; plywood; glue-laminated wood, with a lacquered surface; doors, namely, sliding doors, not of metal, consisting of biomaterial, wood or wood-based materials, or plastics; non-metallic shutters for use on doors and windows, and non-metallic shutters in the nature of shutter caps; window and door concrete casings, for building; end stripping, not of metal, especially for building; non-metal flooring and terrace decking, floor laminates and floor panels, laminates, panels and claddings for walls, ceilings and facades made of non-metallic materials, especially for building, and especially consisting of biomaterial, featuring organic raw materials of biological origin, such as wood, wood fibres, grasses, or plastics featuring bioplastics or biomaterials, especially wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes; non-metal building materials, namely, floor coverings being non-metal tiles, terrace decking boards, floor laminates and floor panels; non-metal building materials, namely, laminates for flooring, wall cladding for building, and roof and ceiling coverings; panels and claddings for walls, ceilings and facade panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses or plastics, bioplastics or biomaterials, wood-based materials, or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other non-metal fillers, the above-mentioned goods having a decorative or abrasion-resistant surface or having soundproofing properties or being water-repellent or waterproof or being fire inhibiting, fire resisting, or refractory; non-metallic transportable buildings; floor coverings being floor tiles or floor panels consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other non-metal fillers; laminate floor, wall, roof or ceiling panels; laminate floor panels; high-pressure laminates and laminates grouted directly or continuously as flooring; non-metal floor tiles, namely, floor tiles made of plastic, especially polyvinyl chloride; building materials, namely, non-metal countertops or work tops for further installation

Filing Basis: Section 44(e), Based on Foreign Registration: For all applications: The applicant attaches a copy of [Germany registration number 302017110993 registered 01/22/2018 with a renewal date of _____ and an expiration date of 10/31/2027], and translation thereof, if appropriate, before the application may proceed to registration. **For a trademark or service mark application:** As of the application filing date, the applicant had a bona fide intention, and was entitled, to use the mark in commerce on or in connection with the identified goods/services. **For a collective trademark, collective service mark, or collective membership mark application:** As of the application filing date, the applicant had a bona fide intention, and was entitled, to exercise legitimate control over the use of the mark in commerce by members on or in connection with the identified goods/services/collective membership organization. **For a certification mark application:** As of the application filing date, the applicant had a bona fide intention, and was entitled, to exercise legitimate control over the use of the mark in commerce by authorized users on or in connection with the identified goods/services, and the applicant will not engage in the production or marketing of the goods/services to which the mark is applied, except to advertise or promote recognition of the certification program or of the goods or services that meet the certification standards of the applicant.

Applicant proposes to amend the following class of goods/services in the application:

Current: Class 020 for Furniture, goods for furniture decorating and interior decorating, namely, coated, lacquered, and printed chipboards, MDF boards, LDF boards, HDF boards and CDF boards as furniture parts, shelves; boards and molded padding being parts of furniture with a melamine surface; furniture, consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; furniture, namely, work counters; wooden shelving; furniture parts, namely, edge beadings, corner protectors, edgings, decorative edging strips, consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, the above-mentioned materials with or without the addition of mineral or other fillers; extruded plastics edge beadings for furniture; corner protectors of plastics for furniture; edgings of plastic for furniture; plastic edging for shelving; decorative edging strips of wood for use with furniture; decorative edging strips of plastic for use with fitted furniture; crates and pallets, non-metallic; furniture panels, namely, drawer liners, side and back walls of wardrobes, cupboards, vitrines, furniture facades, table tops, plates and panels for shelves consisting of biomaterial, organic raw materials of biological origin, wood, wood fibres, grasses, or plastics, bioplastics or biomaterial-plastic composite materials or biomaterial-plastic material mixes, with or without the addition of mineral or other fillers; non-modular containers, not of metal, for use in storage and transport for commercial or industrial use
