REQUEST FOR EXTENSION OF DEADLINE FOR FILING APPEAL BRIEF
Filed: June 29, 2020

The Applicant, through the undersigned, hereby requests that the Board extend by 60 days—that is, until August 26, 2020--or by such lesser amount of time that the Board deems appropriate, the Applicant’s deadline for filing its appeal brief in the referenced matter. The Applicant has good cause for this request, in that in light of the recent COVID-19 pandemic, Applicant has been adversely affected due to cash flow interruptions and Applicant’s counsel has been affected due to complications associated with its office closure. Further, Applicant and Applicant’s Counsel are both located in Boise, Idaho, where cases of COVID-19 have recently seen a dramatic increase. Thus, Applicant feels that an extension of 60 days is necessary at this time. The United States Patent and Trademark Office has granted extensions due to the global pandemic under the CARES Act for similar reasons and Applicant respectfully requests an extension for the same. In consideration of this, and the fact that this is the Applicant’s first such extension request, the Applicant respectfully submits that the request should be granted.
