60 Day Request for Extension of Time to Oppose Upon Extraordinary Circumstances

Pursuant to 37 C.F.R. Section 2.102, National Conference of Standards Laboratories, 5766 CENTRAL AVENUE SUITE 150, BOULDER, CO 80301, UNITED STATES respectfully requests that he/she/it be granted an additional 60-day extension of time to file a notice of opposition against the above-identified mark for extraordinary circumstances shown.

Potential opposer believes that extraordinary circumstances are established for this request by:

- We are seeking the additional sixty day extension due to the extraordinary circumstance of COVID-19. Colorado has been under a stay-at-home order since mid-March, at which point counsel were required to close their offices and begin working remotely. This office closure and the inaccessibility of files and other materials have materially interfered with counsel's ability to conduct settlement discussions and prepare an opposition for this matter. Likewise, our client, the National Conference of Standards Laboratories, has been dealing with the extraordinary impact of COVID-19 on their business and their employees, which has materially interfered with their ability to respond promptly in this matter. Given the global pandemic and the stay-at-home orders throughout the country that have altered the normal course of business, we request an additional 60 day extension due to extraordinary circumstances.

The time within which to file a notice of opposition is set to expire on 04/15/2020. National Conference of Standards Laboratories respectfully requests that the time period within which to file an opposition be extended until 06/14/2020.

Respectfully submitted,
/Lauren E. Groth/
