**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD**

Serial No.: 90/159,452
Mark: MAVERICK
Applicant: Atomic Austria GmbH
Examining Attorney: Edward J. Germick
Law Office: 102

**APPLICANT'S REQUEST TO THE BOARD
TO SUSPEND THE APPEAL AND REMAND THE APPLICATION**

In accordance with 37 C.F.R. §2.142(d) and TBMP §1207.02, Applicant, Atomic Austria GmbH, hereby respectfully requests that the Board suspend the present Appeal and remand the Application so that Applicant can submit the attached copies of search results from the USPTO Trademark Electronic Search System showing the large number of existing U.S. Trademark Registrations and pending applications that include the word, MAVERICK.

Applicant filed an Appeal Brief on November 11, 2021 in which Applicant included three Attachments containing the results of four separate searches performed on the publically available USPTO Trademark Electronic Search System (TESS). On January 27, 2022, the Examining Attorney filed an Examining Attorney's Appeal Brief in which the Examining Attorney identified the TESS searches as new evidence.

Applicant presumed that the Examining Attorney reviewed the status of the USPTO trademark registry regarding the applied for mark, MAVERICK, upon conducting his examination of the present Application. Therefore, Applicant presumed that search results from the USPTO TESS of the USPTO trademark registry would not be considered new evidence.

Applicant was unaware that such TESS search results would be considered new evidence because Applicant was merely highlighting the large number of existing trademark registrations and applications involving the mark, MAVERICK, on the USPTO registry. With this request, Applicant re-performed the same searches on February 12, 2021. In particular, the USPTO Trademark Electronic Search System (TESS) identifies that the Principal Register includes 217 active U.S. Trademark Registrations, and 91 pending trademark applications, that include the word MAVERICK. *See*, Attachment A. 71 of the 224 active U.S. Trademark

Registrations, that include MAVERICK, utilize MAVERICK as the full mark. *See*, Attachment B. The Principal Register includes 34 active Trademark Registrations in International Class 25, and 10 active Trademark Registrations in International Class 28, that include the word MAVERICK. *See*, Attachment C. The urls for Attachments A through C are:
<https://tmsearch.uspto.gov/bin/showfield>.

Given that the Examining Attorney identified the TESS search results as being new evidence in the Examining Attorney's Appeal Brief, Applicant submits the present Request to allow for such TESS search results to be considered.

WHEREFORE, Applicant respectfully requests that the Board suspend the present Appeal and remand the Application so that the Examiner may conduct further examination of the attached TESS search results. In the event that the Board denies the present Request, Applicant is also submitting a Reply Brief in response to the Examining Attorney's Appeal Brief.

Dated the 15th day of February 2022.

Respectfully submitted,

/Terence P. O'Brien/
