v.

PHARMACEUTICAL TECHNOLOGIES,
INC.

Peter Cataldo, Interlocutory Attorney

Applicant's consented motion (filed January 23, 2003) for continued extension of its time in which to respond to opposer's motion to compel is hereby granted to the extent indicated below.

Because the parties are negotiating for a possible settlement of this case, proceedings herein are suspended until **ninety days** from the mailing date of this action, subject to the right of either party to request resumption at any time. See Trademark Rule 2.117(c).

In the event that there is no word from either party concerning the progress of their negotiations within the next ninety days, the Board will issue an order resuming proceedings and resetting appropriate dates.

If, during the suspension period, either of the parties or their attorneys should have a change of address, the Board should be so informed.
