1. Enport.com (hereinafter referred to as "Applicant"), a Delaware Corporation, having a business address of 701 Brazos St., Suite 500, Austin, Texas, 78701, seeks to register the mark ENPORT as a trademark for "web-based computer software for use in business-to-business transactions for document management," in International Class 9.
2. Opposer is the owner by assignment from Sarcos, Inc. of U.S. Trademark Registration No. 2,055,820, for the mark I PORT, for use in connection with "computers and computer peripherals for presenting virtual reality by simulating a visual, auditory and/or tactile environment to a human being."
3. Opposer is currently using and has continuously used the mark I PORT in Registration No. 2,055,820 in interstate commerce since at least as early as February 17, 1994.
4. Opposer is the owner of Application Serial No. 76/283,527, for the mark I PORT, for use in connection with "computer hardware, computer software, computer peripherals and sensors for detecting and/or monitoring physical condition and/or medical condition of medical patient, for detecting and/or monitoring location of medical patient, for detecting, monitoring and measuring variables in medical patient's environment and for communicating physical condition, medical condition, environment and location information and other patient health information to healthcare professionals, family members and other interested third parties; computer hardware, computer software, computer peripherals, sensors and other mechanical and electrical devices for creating virtual environment, for interacting with virtual environment, for detecting, measuring and responding to forces and position changes by user, for causing forces applied to user and causing position changes to user for use in training military personnel and civilian personnel; computer hardware, computer software, computer peripherals, sensors and other mechanical and electrical devices used as an interface between individual user and global or local computer network."

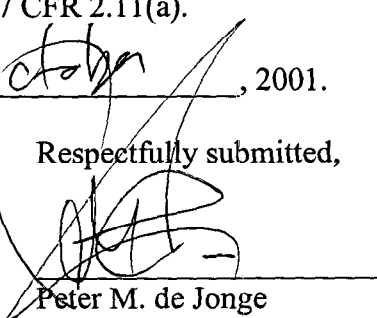

5. Opposer has built up substantial goodwill in its mark I PORT.
6. Registration of Applicant's mark ENPORT is likely to damage Opposer in that Applicant's mark, when used on or in connection with the identified goods, so resembles the Opposer's mark I PORT, as to be likely to cause confusion, to cause mistake or to deceive. Such confusion is likely to falsely suggest a connection between Applicant and Opposer.
7. Additionally, the goods identified in Application Serial No. 78/009,717 are sufficiently similar to those in Registration No. 2,055,820 and Application Serial No. 76/283,527 to cause a likelihood of confusion, mistake or to deceive.

**TTAB NOTICE CONCERNING CORRESPONDENCE ADDRESS
(TRADEMARK RULE 2.18)**

The Trademark Trial and Appeal Board will mail correspondence to only one address for each party.

If a party is located in the U.S., correspondence will be sent to the party's own address, unless (1) papers filed with the Board are filed by a party's attorney, (2) a written power of attorney is filed, (3) a written authorization of some other person entitled to be recognized is filed, or (4) the party requests in writing that correspondence be sent to another address. In these situations, correspondence will be sent, respectively, to (1) the attorney filing papers, (2) the attorney named in the power of attorney, (3) the other person designated in the written authorization, or (4) the other address specified by the party.

When one attorney or other authorized representative makes an appearance on behalf of a party, his address is noted on the proceeding file as the correspondence address. If a second attorney or other authorized representative makes an appearance on behalf of the party, and requests that correspondence be directed to him, the correspondence address on the proceeding file will be changed, and future correspondence will be sent to the second attorney or other authorized representative, rather than to the first one. If the second attorney or other authorized representative does not request that correspondence be sent to him, the Board will continue to send correspondence to the first attorney or authorized representative.

If a power of attorney from a party to one attorney has been filed, and thereafter another attorney or authorized representative makes an appearance on behalf of the party and asks that correspondence be sent to him, the second attorney or authorized representative will be required to submit authorization, from the party or from the first attorney, for the requested change in correspondence address.

If a power of attorney from a party to one attorney has been filed, and thereafter a power of attorney from the party to another attorney is filed, the second power of attorney will be construed as a written request to change the correspondence address from the first attorney to the second one, even if there is no revocation of the first power, unless the party or the first attorney directs otherwise. Likewise, if an attorney makes an appearance on behalf of a party, and thereafter the party files a written power of attorney to another attorney, the Board will send subsequent correspondence to the appointed attorney.

If a power of attorney from a party to one attorney has been filed, and thereafter that attorney files an "associated power of attorney" to another attorney, the correspondence address will remain unchanged, and the Board will continue to send correspondence to the first attorney, unless the first attorney or the party directs otherwise.

In the case of a party whose application is the subject of a Board proceeding, any appearance or power of attorney (or designation of other authorized representative) of record in the application file at the time of the commencement of the Board proceeding is considered to be effective for purposes of the proceeding, and correspondence will be sent initially to that address. Thereafter, the correspondence address may be changed as described in Trademark Rule 2.18.

In the case of a party whose registration is the subject of a Board proceeding, any representative which may be of record in the registration file at the time of the commencement of the Board proceeding is not considered to be effective for purposes of the Board proceeding. Rather, correspondence is sent to the registrant itself unless and until another correspondence address is established in the manner described in Trademark Rule 2.18.

NOTICE CONCERNING ALTERNATIVE DISPUTE RESOLUTION (ADR)

The Trademark Trial and Appeal Board encourages you to consider alternative dispute resolution as a means of settling the issues raised in this opposition or cancellation proceeding. Although more than 95% of Board proceedings are decided prior to trial (by settlement or by entry of pre-trial judgment), alternative dispute resolution techniques might produce an earlier, mutually agreeable resolution of your dispute or might, at least, narrow the scope of discovery or the issues for trial. In either case, alternative dispute resolution might save you time and money.

Many non-profit organizations, both inside and outside the intellectual property field, offer alternative dispute resolution services. Listed below are the names and addresses of organizations that have indicated that they can make arrangements for alternative dispute resolution. The listings are given for your convenience; the Board does not sponsor nor endorse any particular organization's alternative dispute resolution services.

CPR Institute for Dispute Resolution—INTA 366 Madison Avenue New York, New York 10017 Telephone: (212) 949-6490 Fax: (212) 949-8859
American Intellectual Property Law Association (AIPLA) 2001 Jefferson Davis Highway Suite 203 Arlington, Virginia 22202 Telephone: (703) 415-0780 Fax: (703) 415-0786
American Arbitration Association (AAA) Headquarters 140 West 51 st Street New York, New York 10020-1203 Telephone: (212) 484-3266 Fax: (212) 307-4387

Finally, if the parties consider using alternative dispute resolution in this proceeding, the Board would like to know; and if the parties actually engage in alternative dispute resolution, the Board would be interested to learn what mechanism (e.g., arbitration, mediation, etc.) was used and with what general result. Such a statement from the parties is not required but would be helpful to the Board in assessing the value of alternative dispute resolution in Trademark Trial and Appeal Board proceedings.
