**SECOND STIPULATED REQUEST FOR EXTENSION
OF DEADLINES SET IN JUNE 18, 2003 ORDER**

Dear Sir:

Opposer in the captioned opposition proceeding, Schlumberger Technology Corporation, by and through its attorneys, files this second request to extend the deadlines set in the Board's June 18, 2003 Order. This request is being filed with the consent of the Applicant, Halliburton Energy Services, Inc., to give the parties more time to consider settlement of this matter.

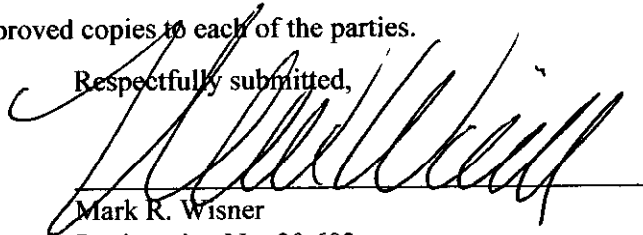

The Board's June 18, 2003 Order suspended this opposition proceeding for forty-five (45) days to allow the parties time to discuss settlement and then, if the parties were unable to settle, set a 15 day period for the filing of a petition for an interference. The deadline for petitioning for declaration of an interference, therefore, was August 17, 2003. However, after a settlement proposal was suggested on July 31, 2003, the parties agreed to extend the deadlines set in the June 18, 2003 Order so as to be able to continue their efforts to settle and therefore filed a Stipulated Request for Extension on August 26, 2003. The Board recently approved that August 26, 2003 Stipulated Request, extending the deadline for filing the petition for an interference until October 17, 2003.

The parties have made progress toward settlement since the first Stipulated Request was filed. Specifically, Applicant prepared a draft settlement agreement and transmitted that draft, along with information relating to its mark, to Opposer. Although Opposer is currently considering that draft and the information provided by Applicant, the parties have not yet been

able to reach agreement. Counsel for the parties therefore conferred on October 15, 2003 and agreed to request that the Board again re-set the deadlines set out in the June 18, 2003 Order to provide additional time for negotiation and possible settlement. Specifically, the parties have stipulated to an extension of at least one additional month beyond October 17, 2003 such that the parties would have until November 17, 2003 to petition for declaration of an interference. The parties are therefore filing this request for a second extension of time and requesting the Board's approval of an extension to November 17, 2003.

In accordance with the provisions of TBMP 509.02, the original and two copies of this Stipulation are being filed for return of approved copies to each of the parties.

Respectfully submitted,
