Opposition No. 91157315

Bose Corporation

v.

Hexawave Inc.

**Thomas W. Wellington,
Administrative Trademark Judge:**

Opposer's consented motion (filed September 18, 2007) to suspend proceedings pending negotiations for possible settlement is granted to the extent that proceedings herein are suspended for **thirty days** from the mailing date of this order, subject to the right of either party to request resumption at any time. See Trademark Rule 2.117(c).

However, the Board notes that the parties filed this request for suspension more than six months after oral argument was held in this case. In view thereof, the Board urges the parties to conclude their settlement and file the necessary papers with the Board within this thirty day period. In the event settlement is not possible within that period, any further requests for extension of time must be accompanied by a detailed report on the progress of the parties' settlement talks to establish good cause for any

continued suspension. This report should include a recitation of issues that have been resolved; issues that remain to be resolved; and a firm timetable for resolution. Absent such a report, the Board may deny any future motions to suspend, even those stipulated to by the parties.

In the event that there is no word from either party concerning the progress of their negotiations, upon conclusion of the suspension period, proceedings shall resume **without further notice or order from the Board**, and a decision on the merits will issue shortly thereafter.
