1. On March 12, 2002, Applicant applied for registration on the Principal Register of the mark CELERA, in three separate categories of goods, application Serial No. 76380923, Serial No. 76383302, and Serial No. 76383219.

2. On August 27, 2003, Opposer filed its Notice of Opposition to the applications listed above. Applicant filed its Answers to Opposer's Notices on October 17, 2003.

3. Except for those preliminary portions of the Notices of Opposition which refer to a particular one of Applicant's applications, the alleged grounds for opposition in all three Notices are virtually identical.

4. In view of the common questions of law and fact involved in the three opposition proceedings, the resulting savings in time and expense to the parties and the Board from consolidation, and the consent of Opposer to this motion, Applicant's Consented to Motion to Consolidate should be granted.
