By one rule change effective August 31, 2007, the Board's standard protective order is made applicable to all TTAB inter partes cases, whether already pending or commenced on or after that date. However, as explained in the final rule and chart, this change will not affect any case in which any protective order has already been approved or imposed by the Board. Further, as explained in the final rule, parties are free to agree to a substitute protective order or to supplement or amend the standard order even after August 31, 2007, subject to Board approval.
