v.

TSA Corporate Services, Inc.

On September 27, 2010, applicant filed the parties' stipulated proposed amendment to application Serial Nos. **78445593** and **78445587**, and withdrawal of the opposition in accordance with the parties' settlement agreement, contingent upon entry of the amendment.

- *All Class 25 Goods Deleted*

By the proposed amendment, the parties seek to amend the identification of goods in the involved applications by deleting, in its entirety, the goods in International Class 25 in both applications, Serial Nos. 78445593 and 78445587. The deletion of Class 25 acts as abandonment of that class for which opposer has provided its written consent thereto.

The contingency in opposer's withdrawal having now been met, Class 25 stands abandoned in each application. See

Opposition No. 91170091

Trademark Rule 2.135.

- *Amendment to Goods in International Class 28*

Additionally, applicant also seeks to change the identification of goods in both applications, Serial Nos. **78445593** and **78445587**, to the following:

From: "Snowboards, snowboard bindings, snowboard bags, ski poles, ski bags, snowshoes, and air mattresses for recreational use,"

To:¹ "Air mattresses for recreational use."

Inasmuch as the proposed amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because opposer consents thereto, it is approved and entered. See Trademark Rule 2.133(a).

The contingency in opposer's withdrawal having now been met, the opposition is dismissed in accordance with the agreement between the parties. Application Serial Nos. **78445593** and **78445587** will proceed forward for issuance of a notice of allowance in connection with only the remaining goods in International Class 28.
