Opposition No. 91170699

Serial No. 78444622

Quest Communication
International, Inc.

v.

Bell Automotive Products,
Inc.

On March 26, 2008, applicant filed a proposed amendment to its application Serial No. 78444622, with opposer's consent, and opposer's withdrawal without prejudice of the opposition, contingent upon entry of the amendment.

By the proposed amendment applicant seeks to change the identification of goods in International Classes 9 and 11 as follows.

International Class 9

from:

"appliances which are powered by the 12-volt electrical system of an automobile, namely, satellite navigational devices for use with automobiles, namely, a global positioning system, televisions, DVD players, video cassette players, compact disc players, cassette players; electrical cords and wiring for use with the 12-volt electrical system of an automobile and satellite navigational devices of an automobile, coolers, automobile air pumps, televisions, DVD players, video cassette

players, compact disc players, cassette players, computers, compasses for use with automobiles; automobile performance gauges, namely, speedometers, tachometers, odometers, oil pressure gauges, turbo boost gauges, temperature gauges, compasses, and voltmeters; automobile tire pressure gauges; thermometers not for medical use; animal warning devices; light emitting diode displays; antennas other than satellite antennas; automobile emergency kits consisting of flares, warning lights, and first aid equipment; eyewear accessories, namely, eyewear clips/holders for automobiles"

to:

"appliances which are powered by the 12-volt electrical system of an automobile, namely, satellite navigational devices for use with automobiles, namely, a global positioning system, televisions, DVD players, video cassette players, compact disc players, cassette players; electrical cords and wiring for use with the 12-volt electrical system of an automobile and satellite navigational devices of an automobile, coolers, televisions, DVD players, video cassette players, compact disc players, cassette players, computers, compasses for use with automobiles; automobile performance gauges, namely, speedometers, tachometers, odometers, oil pressure gauges, turbo boost gauges, temperature gauges, compasses, and voltmeters; automobile tire pressure gauges; thermometers not for medical use; animal warning devices; light emitting diode displays; antennas other than satellite antennas; automobile emergency kits consisting of flares, warning lights, and first aid equipment; eyewear accessories, namely, eyewear clips/holders for automobiles; automobile lighting, namely, safety flashing lights."

International Class 11

from:

"lights for automobiles; lenses for automotive taillights; automobile accessory lighting, namely, map lights, tap lights, rechargeable auto lights, night racer lights, safety flashing lights"

to:

"lights for automobiles; lenses for automotive taillights; automobile accessory lighting, namely,

map lights, tap lights, rechargeable auto lights,
night racer lights"

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(b), and because opposer consents thereto, it is approved and entered. See Trademark Rule 2.133(a).

The contingency in opposer's withdrawal having now been met, the opposition is dismissed without prejudice.
