Mark: OnTime
Date: September 6, 2006

Dear Trademark Trial and Appeal Board;

I am writing to you today in regards to extend my time to respond to an opposition on my mark.

I went to the ESTTA site (<http://esta.uspto.gov>) to file it electronically, but I was given a message stating that I had already extended it once, but that's just not right. This case was just brought to my attention and I want you to know that I am actively working with the opposing side in an attempt to resolve the matter without any needs for legal actions. At this time I ask for an extension of thirty-days while we attempt to resolve this between us. That should be adequate time to realize if I need to go further and obtain legal assistance and pursue legal actions.

Sincerely yours,
Manuel Ormaza
