**George C. Pologeorgis, Interlocutory Attorney:**

On March 17, 2010, applicant filed a proposed amendment, with opposers' consent, to its application Serial No. 76653903 which is subject to Opposition No. 911828752 of these consolidated proceedings.

By the proposed amendment applicant seeks to change the identification of services in International Class 41 **from:**

**"entertainment services, namely, providing and conducting guided tours of various sites and places featured in films and television programs"**

**to:**

**"entertainment services, namely, providing and conducting guided tours of various sites and places featured in films and television programs; all of the foregoing not including any services relating to or centered around American professional football."**

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because opposers

consent thereto, it is approved and entered. See Trademark Rule 2.133(a).

If this resolves the dispute in Opposition No. 91182875 of these consolidated proceedings, opposers are allowed until **thirty days** from the mailing date of this order to file a withdrawal of said opposition, failing which Opposition No. 91182875 will go forward on the application as amended. See Trademark Rule 2.106(c).

These consolidated proceedings are otherwise **suspended** pending opposers' response to the instant order.

The parties are advised, however, that the approved amendment regarding the subject application of Opposition No. 91182875 does not affect Opposition No. 91174808 which will proceed regardless of whether opposers withdraw Opposition No. 91182875 based upon the approved amendment of the involved application in that case.
