v.

Sci Protek, Inc.

Janice D. Hyman, Paralegal Specialist:

Applicant's consented motion filed March 4, 2009 to extend trial dates, including dates for the counterclaim, is granted. Trademark Rule 2.127(a).

A review of the record reveals that while these proceedings commenced on January 3, 2007, the parties have sought and been granted numerous extensions of time to negotiate a possible settlement of this case. Therefore, in order to avoid undue delay to the progress of this proceeding, the parties are advised that if another extension or a suspension is required after this period expires, the parties will be expected to report on the progress of their settlement discussions to establish good cause for any further motion to extend or suspend.

Opposition No. 91174914

This report should include: a recitation of issues that have been resolved, issues that remain to be resolved, and a firm timetable for resolution. **Absent such a report, any future motion to extend or suspend may not be approved, even though agreed to by the parties.**

Trial dates, including dates for the counterclaim, are reset in accordance with applicant's motion.
