STIPULATED MOTION TO SUSPEND PROCEEDINGS

Pursuant to Section 605.03(a), Trademark Trial and Appeal Board Manual of Procedure, Applicant International Communications Manufacturing Corp. ("Applicant") notifies the Board that a settlement agreement has been reached between the Applicant and Opposer Hon Hai Precision Industry Co., Ltd. ("Opposer"), resolving the Opposer's objections to the present application. The settlement is contingent upon an amendment to the description of goods. Simultaneous with this submission, Applicant is submitting a Request for Narrowing Amendment of Goods Description Pursuant to 37 CFR 2.133(a). Accordingly, it is stipulated by the parties that the present opposition proceeding be stayed until such time as the Request for Narrowing Amendment of Goods Description is granted.

Applicant does not believe that the amendment to the goods description amounts to a material change as the requested amendment narrows the goods description previously approved by the Examining Attorney. However, the parties further stipulate that if the requested

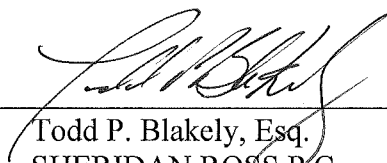

amendment is not accepted or, if necessary, a variation of it agreed to by Applicant and Opposer is not accepted, Applicant will abandon the present application without prejudice and may file a new application with the agreed upon goods description or an acceptable variation of it agreed to by Opposer, and that the Opposer will not oppose the new application or seek to cancel any registration that matures from it.

Opposer authorizes Applicant to represent its agreement and consent to this Stipulated Motion.

Respectfully submitted,

Date: 20 March 2009
