Opposition No. 91182371

Poles

v.

Sedusa Studios

On March 18, 2008, applicant filed a proposed amendment to its application Serial No. 77079479 and on March 19, 2008, filed its written consent to the proposed amendment along with its withdrawal without prejudice of the opposition, contingent upon entry of the amendment.

By the proposed amendment applicant seeks to delete the goods identified in Class 25 in their entirety. The application was not opposed as to Class 41.

The deletion of an entire class of goods in an application is, in effect, an abandonment of that application as to that class. Because opposer's written consent to the abandonment is of record, and because the contingency in opposer's withdrawal is has been met, application Serial No. 77079479 stands abandoned as to Class 25 and the opposition is dismissed without prejudice.

The application will proceed to registration for Class 41 only.
