Opposition No. 91183625

CONSENTED MOTION TO AMEND IDENTIFICATION OF GOODS AND  
CONSENTED MOTION TO CONTINUE SUSPENSION OF PROCEEDINGS  
AND TO EXTEND ANSWER, DISCOVERY AND TRIAL DATES

Applicant, Microtec S.r.l.'s Application No. 79/034,582 was published for opposition on February 26, 2008. Opposer filed an Opposition on or about April 16, 2008. Proceedings herein are currently under suspension. Applicant's Answer is now due by January 25, 2009.

The parties have now agreed to settle this Opposition. As part of the settlement agreement, the parties have agreed that Applicant will narrow its identification of goods in the present application to read as follows: "Electro-optical measuring systems, namely, electronic controller units for industrial automation in the field of wood and timber processing". This Amendment merely narrows the identification of goods in the present application. Pursuant to the agreement of the parties, Applicant hereby moves and requests, with the consent of Opposer, that its identification of goods in Application No. 79/034,582 be amended to read as set forth above.

Applicant also moves, with the consent of Opposer, that the proceedings herein be suspended for an additional two months, from January 25, 2009 to March 25, 2009, so that the United States Trademark Office can act on the request to amend as set forth

above. Applicant's time to Answer would be reset from January 25, 2009 to March 25, 2009 and the conferencing, disclosure, discovery and trial dates would all be extended an additional two months. This request is made in good faith and not for the purpose of delay.

Respectfully submitted,

MICROTEC S.r.l.
