In-Use Information

In-Use Information shows whether and how potentially conflicting trademarks are being used on the Web. We provide information, when available, on the citation, its owner and its use in commerce for up to 25 Group One citations per data source (USPTO, State, Common Law Database and Business Names). The search results included in this section are a selection of the information available at the time of the preparation of this search report, and are not a comprehensive representation of the Web. Any of the Web links included in your search report may become unavailable at any time following the preparations of this report.

Owner Matching

The Owner Matching feature is an index within the trademark record showing citations within the report with the same owner. Owner Matching is an alphabetical, word for word match. Inconsistencies in the data coming from providers (i.e., USPTO, State, etc.) may impact results.

With the emergence of the Web as an important common law source, our analysts search the web and include potentially conflicting marks in this Web Common Law section.

Data Information

Our Search Analysts search the Web and select marks to include in your report based on the mark's similarity to the mark being searched and to the goods and services specified. The selected citations provide examples of potentially conflicting occurrences and include links to the Web page(s) on which the mark was found.

For Web Search Extensions, we search the mark and focus on targeted industry-specific Web sites where significant commerce takes place for each of the industries we cover. This focused research can reveal marks that may otherwise be hard to identify.

Important Notices

Due to the dynamic nature of the Web, citations may become available or unavailable at any time. The search results included in this section are a sampling of the information available at the time of the preparation of this search report, and are not a comprehensive representation of all Web sites. Any of the citations included in your search report may become unavailable at any time following the preparation of this report. Additionally, please be aware that we do not filter Web content, which makes it possible that your Web Common Law citation may include objectionable material.

## Another Try

Nov 29th, 2008 by jenna

Well, Ryan and I drove over to The Grass Root for lunch today (I was FINALLY about to get him to go!) only to discover that they were closed!! It seemed like they were **Cited Term** inside and I really hope its not shutting down for good... I'm not gonna move here! They can't shut down now! I was quite disappointed because I had my heart set on my favorite sandwich there so we had to think of plan b fast!

**Greenwise** Its right around the corner from the condo and Ryan hadn't been there yet so we decided to go there for lunch so I could give it another chance. And I'm glad I did! I take back what I said yesterday about the store... I just can't compare it to Whole Foods. Both stores are great in their own ways. **The prepared foods section of Greenwise simply cannot be beat—even by Whole Foods.** There is a sushi bar, a make your own pizza bar, a make your own sandwich and salad bar and a huuuuge hot bar. Ryan went NUTS. He loved the store so much he says we are going back tonight. I have never in my life seen him so excited about a grocery store—it was crazy!

After taking a grand tour of everything, I decided upon the special of the day at the create your own salad bar—the cedar plank salmon salad!

**Copper Fire Bowl**

When we get our patio finished, off our deck we want to get some new furniture and I've always wanted a fire pit. But where we live the fire danger is bad, so I changed from an open fire pit to something a little more controlled! I've been looking around and found some choices. I really like this fire pit that I found. This one is great because I love using things that are recycled and it's made from recycled cast iron and covered with copper. It has a diameter of 30" which is a great size for our patio. To look at it click here [Copper Fire Bowl](#)

Greenwise Organic Lawn Care builds and maintains healthy lawns through low emissions ecologically sensitive practices that protect the ground you walk on, the air you breathe, the water you drink, and the people and animals you love.

### Push for Green!

Standard gasoline powered lawn mowers cause 5% of US emissions according to EPA. In other words, a single mower puts out more pollution than 73 new cars (CNN on

At GreenWISE, we push for clean air. Instead of standard gasoline mowers, we use and propane-powered mowers. Our mowers are not your grandpa's old wheels. We use newest technology to give your lawn a clean and precise cut. We stand behind our confidence and a satisfaction guarantee.

You might be interested in our vehicles: Unlike most landscaping companies, we are powered by vegetable oil! Our fuel is grown right here in the USA and our vehicles are free.

### Get Back to Your Roots

The best way to build a healthy and green lawn is through its roots!

Unlike standard lawn care programs, GreenWISE gets down to the root of the problem on creating a prime environment for your lawn to take root. By supporting your lawn from the ground up we ensure that it can fend for itself. Without fertile soil, the roots cannot grow and blades of grass with the nutrients they need to grow in thin and strong. A weak lawn

Due to the constantly changing nature of the Internet, and the reasons detailed below, it is possible that the status of domain names may change between the time this report is generated and the time you receive this report. Therefore, we strongly recommend that you conduct additional domain name searching before attempting to register a domain name or forming a final opinion on the availability of a trademark or domain name.

- \* The dynamic nature of the Web allows for the registration of new domain names virtually continuously, 24 hours a day.
- \* All steps are taken to ensure the completeness and accuracy of our database. However, due to registrar/registry administrative procedures during domain name registration, some domain names may not be present in our database.
- \* Domain name registrars do not report domain names which are not currently registered, nor do they report domain names which may be "on hold" with the registrar.
- \* All domain names cited in this report should be considered to be REGISTERED as of the time this report was generated.
- \* For common names, retrieval may be limited to the identical spelling of the name as ordered.

Due to the nature of the Web, and because we do not filter Web content, it is possible that the Web Page Lookups included in this report may contain objectionable material. If you wish to avoid the possibility of receiving such material, please contact us to "opt out" of Web Page Lookups.

ガーデンデザインは、お客様に自宅の庭をイメージしていただくために、デザイン画を描いております。ガーデンデザインのグリーン・ワイズは、世界に一つだけの素敵な庭を、人と地球に優しい庭創り、空間創りをご提案します。

「家」や「車」は引き渡された直後からその価値は下がっていきませんが、「庭」は違います。お引渡しからスタート！

新しく植えた木が成長していく過程を楽しんだり、季節によって花を植え替えてその変化を楽しんだり…。

家庭菜園でいろいろな野菜作りにチャレンジするのもいいでしょう。

グリーンワイズはそんな庭造りをちょっとだけお手伝いさせていただきます。

#### ガーデンデザインをご検討中の方へ

ガーデンデザインのグリーンワイズでは、お打ち合わせからガーデンデザイン・お見積もり・施工管理までを一担当者が行っております。営業担当・デザイン担当・工事担当といった分担がないため、お客様一人ひとりのご要望をじっくりとお聞きし、デザインから施工管理までをしっかりとさせていただきます。そのため、大きな会社のブランド力が「イコール信頼」とお考えのお客様からのご要望口にお答えできない場合があります。ご了承ください。あなたは庭造りに「完成」を求めるのですか？
